ABOUT OUR COMPANY

TENNECO GROUP

Tenneco Group is one of the world's leading designers, manufacturers and distributors of automotive components and systems, serving original equipment manufacturers and aftermarket customers across major global markets. Headquartered in Northville, Michigan, Tenneco Group operates 169 manufacturing sites and 39 engineering and technical facilities across 28 countries, supported by a global team of approximately 60,000 people.

Tenneco Group's portfolio spans four business divisions — Performance Solutions, Powertrain, Clean Air and DRiV — and includes iconic brands such as Monroe®, Walker®, Champion® and Fel-Pro®, among more than 40 brands. Through "The Tenneco Way", the Tenneco Group brings an execution-led culture, high-performance mindset and strong people accountability to every market it serves.

In India, this global powertrain business is reflected through Federal Mogul Goetze India Limited and its subsidiaries, serving Indian OEMs and export markets with technologies tailored to local customer needs.

ABOUT FEDERAL-MOGUL GOETZE INDIA LIMITED

Federal-Mogul Goetze India Limited, is a world class manufacturer of pistons, piston rings, sintered components, and cylinder liners, delivering advanced engine solutions for automotive and industrial applications across India and global markets.

Backed by Tenneco's global engineering expertise and Goetze's legacy of excellence, the company serves a broad spectrum of applications including two and three wheelers, passenger cars, SUVs, tractors, light and heavy commercial vehicles, stationary engines, and high output locomotive diesel engines.

THE TENNECO WAY

The Tenneco Way defines how we think, operate and deliver. It brings together our values, mindset and operating discipline into a unified framework that drives consistent performance across the organisation.

It reflects our purpose "to be the most trusted partner and the best manufacturer and distributor in the transportation industry". This is translated into action through clear priorities,

disciplined execution and a shared sense of purpose. At its core, it enables us to operate with fewer constraints, promoting a culture that encourages ownership, speed and the confidence to continuously raise our own benchmarks.

CORE VALUES

Our values guide how we engage, make decisions and deliver outcomes. They are embedded across the organisation and shape everyday behaviour:

Radical Candor

We encourage open, honest and direct dialogue to drive better outcomes.

Simplify

We reduce complexity and focus on what matters most.

Organisational Velocity

We act with speed and agility in a dynamic environment.

Tenacious Execution

We take ownership and deliver with discipline.

Win

We succeed by building trust and delivering for our customers and stakeholders.

OUR MANUFACTURING FOOTPRINT

Federal-Mogul Goetze India operates state of the art manufacturing facilities at Bengaluru, Patiala, and Bhiwadi, equipped with advanced automation, process controls, and inhouse validation capabilities.

SAFETY

Safety is a core priority and an integral part of our operations across all manufacturing locations. We operate in an industrial environment where strict adherence to safety standards is essential for protecting our people and ensuring operational continuity. Our safety framework is supported by structured risk assessments, robust control measures, regular training, and continuous monitoring.

Safety incidents, near misses, and potential risks are reviewed at site, regional, and global levels to facilitate

learning and the implementation of preventive actions across locations. Employee health, safety, and well-being performance are regularly monitored through established governance forums and supported by active site safety committees that promote a strong culture of safety and accountability. Further, all our plants are certified by OHSAS 18001 for Occupational Health & Safety, IATF / TS 16949 for Quality Management Systems and ISO 14001 for Environmental Management Systems.

OUR PRODUCTS

OUR PRODUCTS

We leverage the advanced technology and products developed by our parent globally, and engineer them to adapt to suit Indian operating requirements. This enables us to quickly roll out new products and technologies as the Indian market place and the customers preferences evolve to premium and sophisticated products. Tenneco's expertise spans both 2-stroke and 4-stroke engines with a wide range of bore sizes including above 145 mm, which enable us to address the evolving demands of high-performance, heavy-duty applications. In an era of rapid technological advancement and increasing regulatory pressures, we help

manufacturers meet stringent requirements for reduced emissions, improved efficiency, and lower operating costs.

Our comprehensive and award-winning portfolio includes high-performance pistons, piston rings and valvetrain components. By combining deep engine expertise with advanced research and development capabilities, Tenneco delivers innovative technologies that enhance engine performance, extend service life, and support sustainable operation across demanding environments.

POWERTRAIN COMPONENTS

We are recognized leaders in the original equipment (OE) markets for light vehicles, commercial trucks, and off-highway applications. Beyond these, our technologies also power critical sectors such as power generation, rail, and industrial applications—delivering performance, durability, and efficiency where it matters most.

Our expertise spans gasoline, diesel, alternative fuels, and hybrid applications. Through advanced systems and specialized coatings, we help reduce emissions, enhance fuel efficiency, and drive innovation in engine design. Our capabilities cover a wide spectrum, ranging from small engines to large bore & Industrial Engines. requirements for reduced emissions, improved efficiency, and lower operating costs. Our comprehensive and award-winning portfolio includes high-performance pistons, piston rings and valvetrain components. By combining deep engine expertise with advanced research and development capabilities,

we delivers innovative technologies that enhance engine performance, extend service life, and support sustainable operation across demanding environments.

PISTON

Our piston solutions play a crucial role in enabling engines to operate at higher temperatures, increased combustion pressures, and greater load conditions—key factors in achieving more efficient and cleaner combustion.

Manufactured using state-of-the-art processes, our range of proprietary designs is tailored to meet the specific requirements of diverse market segments. These advanced designs contribute to lighter and more compact engines while delivering superior performance, enhanced fuel efficiency, and long-term durability.

PISTON RING

Our industry-leading piston ring designs are engineered to withstand high temperatures and highly abrasive environments, ensuring minimal wear and long-lasting performance. As combustion pressures and temperatures continue to rise, and as oil control becomes increasingly critical in reducing particulate emissions, piston rings have become a key area of innovation. Our use of advanced materials, specialized coatings, and innovative design features enable manufacturers to effectively address these evolving engine challenges. Through continuous engineering excellence, we help enhance engine efficiency, durability, and environmental performance.

OUR PRODUCTS CONTD...

VALVE SEAT & VALVE GUIDE

Our advanced valve seat and valve guide technologies utilize high-performance powder metal materials engineered to withstand the extreme tribological demands of the combustion environment while delivering industry-leading thermal conductivity.

These solutions are designed to manage the rising temperatures associated with modern engine architecture, even under the most demanding operating conditions. By combining durability with superior heat transfer capabilities, our technologies support enhanced engine performance and longevity.

This enables vehicle manufacturers to implement CO₂ reduction strategies—such as turbocharging, direct injection, and ethanol-compatible downsized high-output engines—without compromising on design, reliability, or efficiency.

Expansion ENGINE VALVES & VALVETRAIN

Tenneco already has designed and manufactures high-quality engine valves and valvetrain components engineered to withstand extreme temperatures and demanding mechanical loads.

Leveraging advanced materials and precision manufacturing expertise, its solutions deliver exceptional thermal performance and long-term durability. The comprehensive portfolio includes monometallic, bimetallic, and hollow valve designs, enabling optimal material selection and performance customization for each specific customer application.

By tailoring valve design to precise operating requirements, Tenneco valve and valvetrain products help improve engine efficiency, reliability, and overall performance across a wide range of applications.

Leveraging this, the Company is expanding its product range and setting up a manufacturing facility for valves in India. The Company has already secured letters of intent for the product from some of its established customers.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

Item No. 4

In accordance with the provisions of Section 148 of the Companies Act, 2013, the Companies (Audit and Auditors) Rules, 2014 and the Companies (Cost Records and Audit) Rules, 2014 (including any statutory modification(s), amendment(s), clarification(s), substitution(s) or re-enactment(s) thereof for the time being in force), maintenance of cost records and audit thereof is applicable to the Company. Accordingly, Sanjay Gupta & Associates have confirmed that they hold a valid certificate of practice under Sub-section (1) of Section 6 of the Cost and Works Accountants Act, 1959. In terms of the provisions of Section 148(3) of the Companies Act, 2013 read with Rule 14(a)(ii) of the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor is required to be ratified and approved by the Members of the Company.

The Board of Directors of the Company on the recommendation of the Audit Committee has approved the appointment and remuneration of Sanjay Gupta & Associates, Cost Accountants, to conduct the audit of the cost records of the Company for the financial year 2026-27 at a remuneration of INR 4,95,000/- (Indian Rupees Four Lakh Ninety-Five Thousand Only) as audit fee plus applicable tax(es) plus out of pocket expenses.

Members are requested to ratify the remuneration payable to the Cost Auditors for the financial year 2026-27 as set out in Item No. 4 for the aforesaid services to be rendered by them.

None of the Directors, Key Managerial Personnel of the Company and their relatives, are in any way concerned or interested in the said Resolution.

The Board of Directors recommends to pass the resolution as set out in Item No. 4 as an Ordinary Resolution.

Item No. 5

Pursuant to the provisions of Sections 197, 198 and other applicable provisions, if any, of the Companies Act, 2013 ("the Act") read with the rules made thereunder and Regulation 17(6) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the Company may pay remuneration by way of commission to its Non-Executive Directors within the limits approved by the Members and permitted under applicable law.

Approval of the Members is sought for payment of commission to the Non-Executive Directors, not exceeding 1% of the net profits computed under Section 198. The commission shall be distributed amongst the eligible Non-Executive Directors in such amounts and in such manner as may be determined by the Board of Directors, based on the recommendation of the Nomination and Remuneration Committee, from time to time.

It is pertinent to note here that the Non-Executive Directors (including Independent Directors) of the Company bring with them significant professional expertise and rich experience across a wide spectrum of functional areas such as strategic leadership and management experience, technology and digital expertise, industry and sector experience / knowledge, financial and risk management, governance, global business expertise, etc. Through their active participation in the deliberations of the Board and its Committees, they provide valuable guidance and contribute to the governance and long-term success of the Company.

The said remuneration to Non-Executive Directors (including Independent Directors) shall be in addition to the sitting fee payable to them for attending meetings of the Board and Committees thereof.

The Board believes that the proposed commission structure is appropriate in view of the roles and responsibilities of the Non-Executive Directors and is aligned with prevalent market practices for companies of comparable size and complexity.

Accordingly, the Board recommends the Ordinary Resolution set out at Item No. 5 of the Notice for approval by the Members.

Except for the Non-Executive Directors of the Company, to the extent of the commission that may be payable to them, none of the Directors, Key Managerial Personnel of the Company is concerned or interested, financially or otherwise, in the resolution set out at Item No. 5 of the Notice.

26. MANAGEMENT DISCUSSION AND ANALYSIS:

(a) Industry structures and developments

The automotive industry is widely regarded as one of the key pillars of the Indian economy and continues to remain on a robust growth trajectory. Owing to its strong forward and backward linkages with several critical sectors such as steel, rubber, glass, electronics, logistics, and services, the industry generates a significant multiplier effect and acts as a major driver of economic development, employment generation, and technological advancement.

The Indian automotive sector is highly competitive, comprising both organized and unorganized players. It is also highly fragmented, with a substantial presence of small and medium-sized enterprises (SMEs). This fragmentation, coupled with intense domestic and global competition, has led to constant changes in business dynamics and operating rules within the industry. To remain competitive under these demanding conditions, innovation, technological upgrade, quality enhancement, and cost optimization have emerged as critical success factors.

However, despite its growth potential, the Indian auto component industry has been navigating a period marked by several challenges. These include rising input costs, rapid technological transitions (such as electric vehicles and emission norms), supply chain disruptions, margin pressures, and the need for continuous investment in R&D and skill development. Addressing these challenges effectively will be crucial for sustaining long-term competitiveness and growth in the evolving automotive landscape

During the financial year 2025-26, the industry produced a total of 34,708,984 vehicles including Passenger Vehicles, Commercial Vehicles, Three-Wheelers, Two-Wheelers, and Quadricycles as against production of 31,036,476 vehicles in the financial year 2024-25, registering an aggregate growth of 11.8 percent.

The automotive industry sustained its growth momentum during FY 2025-26, supported by steady demand across key vehicle segments. Domestic sales of passenger vehicles (PVs) increased by

7.9%, while PV export volumes recorded a strong growth of 17.5% compared to the previous financial year.

The commercial vehicle (CV) segment also delivered robust performance. Domestic CV sales improved by 12.6%, and export volumes grew by 17.4% during FY 2025-26 over the preceding year. Within this segment, Medium and Heavy Commercial Vehicles (M&HCVs) witnessed robust growth, driven by infrastructure activity and fleet replacement demand, whereas the heavy bus segment remained largely flat during the year.

During FY 2025-26, the two-wheeler segment recorded strong growth momentum. Domestic two-wheeler sales increased by 10.7%, while export volumes grew sharply by 23.4% compared to the previous financial year. Within the segment, scooters and motorcycles demonstrate healthy domestic demand, registering growth of 18.5% and 6.6%, respectively. Mopeds also reported a moderate increase in sales, growing by 4.3% over the last year.

However, the growth trajectory during the year was not uniform. The initial five months-from April through August-were marked by measured momentum, as the market continued to navigate residual caution arising from the previous year's sluggish inventory cycle, selective tightening in financing availability, and a wait and watch approach adopted by consumers in anticipation of greater policy clarity. During this phase, demand indicators remained tentative, conversion rates were uneven, and the dealer network exercised prudent restraint in inventory build up and ordering decisions.

A decisive inflection point emerged in September with the implementation of GST 2.0. The rationalization of tax rates-resulting in a meaningful reduction in the effective tax burden on mass market two wheelers, small passenger vehicles, three wheelers, and select commercial vehicle categories-significantly enhanced real affordability. This policy intervention coincided with improving consumer sentiment, thereby catalyzing a stronger and more

sustained demand recovery across segments.

Consequently, domestic commercial vehicle (CV) volumes gained notable momentum during the second half of FY 2025–26, supported by the combined impact of GST 2.0, accelerated infrastructure spending under higher capital expenditure allocations in the Union Budget 2025–26, and an increased emphasis on the replacement of older vehicles driven by green mobility and sustainability initiatives

In FY 2025–26, growth in the Indian automotive industry was driven by a combination of factors, including improved model availability, new product launches, and a favorable market environment. The recovery in rural demand further supported growth, while the industry successfully navigated key challenges such as semiconductor chip shortages and other supply chain constraints.

Within the passenger vehicle (PV) segment, consumer demand continued to shift strongly toward sports utility vehicles (SUVs), which accounted for approximately 67% of the total PV market share during the year. This structural shift in consumer preferences played a significant role in bolstering overall industry performance.

At the same time, the industry's strategic focus is increasingly shifting toward vehicles powered by alternative fuels. Automobile manufacturers are accelerating investments and product development in CNG, hybrid, battery electric vehicles (BEVs), and emerging hydrogen fuel cell technologies. This transition reflects growing regulatory pressures, rising environmental awareness, and the industry's long-term commitment to sustainable and green mobility solutions.

(b) Opportunities and Threats

The Parent Company continues to extend strong support to the Company through its technological expertise and know how. Backed by widely recognized brands, advanced technology capabilities, a strong distribution network, and a committed workforce, the Company is well positioned to capitalize on emerging opportunities

while effectively navigating market challenges. The Company remains focused on achieving sustainable and profitable growth by leveraging superior technology, maintaining high product quality standards, and offering a diverse product portfolio at competitive prices, thereby strengthening its market position.

The automotive industry is currently undergoing significant transformation due to major regulatory interventions, including the accelerated transition to CAFÉ III norms, Stage V emission standards, adoption of alternate fuels, increased penetration of electric vehicles, enhanced safety regulations, vehicle scrappage policies, and increasingly stringent vehicle standards. These regulatory developments are driving a fundamental shift in vehicle technologies and product architecture. While these changes present considerable challenges, the Company views them as strategic opportunities to innovate, enhance value offerings, and build long term competitiveness in a rapidly evolving mobility ecosystem.

The Company operates in a highly competitive environment, facing competition from numerous independent manufacturers and distributors of automotive component parts. Management continues to design and implement strategic initiatives aimed at addressing industry challenges while advancing the Company's objective of achieving sustainable and profitable global growth.

The business is characterized by a limited customer base, coupled with intense competition from suppliers operating in both the organized and unorganized sectors. In this competitive landscape, the Company's success is increasingly dependent on its technological leadership, specialization, innovation capabilities, and strong industry networking. These factors are critical to differentiation and long term competitiveness.

Government policies and regulatory frameworks also play a pivotal role in shaping the growth and development of

the automotive sector. Recognizing this, the Company adopts a proactive and structured approach to assess and map the impact of economic, regulatory, and social factors on its operations, performance, and profitability. This integrated approach enables the Company to enhance resilience, align with policy direction, and pursue responsible and sustainable value creation.

(c) Segment wise or product wise performance

The Company deals principally in only one segment i.e., automotive components. Therefore, segment-wise performance is not applicable. The Company is inter-alia engaged in the manufacturing and sale of Pistons, Piston Rings, Pins, Valve Seats and guides. The geographical information in respect of revenue from customer is given below:

(INR in lakhs)

Details of finished goods sold	31 st March 2026	31 st March 2025
India	171,548.41	1,57,969.27
Other Countries	15,705.00	14,131.56

(d) Outlook

Although FY 2026–27 commenced on a positive note, the automotive industry continues to closely monitor geopolitical developments, including the situation in West Asia, alongside global trade and tariff uncertainties, fuel price volatility, and inflationary pressures. Supply chain stability, particularly for critical components, remains an area of ongoing concern. Given the high base effect of the previous year, combined with inflation led cost pressures, routine price increases, and impending regulatory changes, the industry is expected to witness moderate, single digit growth during FY 2026–27. Accordingly, the Company anticipates the year to be one of consolidation, with overall industry growth remaining in the single digit range, which is expected to be supportive of the Company's performance.

Looking ahead, the Company expects FY 2027 to be a period of moderate yet healthy growth, as the automotive sector normalizes following the sharp re-rating witnessed in H2 FY 2025–26. The structural demand of drivers includes rapid urbanization, rising disposable incomes, expansion of rural mobility, and accelerating electrification-remain firmly intact and continue to provide a strong foundation for long term growth.

In the near term, however, risks persist around the pace and severity of developments in West Asia and their potential transmission to fuel prices, supply chains, and overall consumer sentiment. In this operating environment, responsible pricing strategies, disciplined inventory management, timely supply execution, and faster finance turnaround times are expected to be the key operational levers that will differentiate performance and resilience across industry participants in the months ahead.

The Indian automotive industry remains poised for growth amid a balanced mix of optimism and challenges. Manufacturers are strengthening supply chains and expanding product portfolios to cater to evolving and diverse consumer preferences. Sustained economic growth, supportive government policies, and an anticipated normal monsoon are expected to bolster demand, particularly in rural markets. Additionally, the commercial vehicle segment, given its strong linkage with infrastructure development and broader economic activity, is likely to benefit from continued public and private sector investments, thereby supporting growth across the automobile value chain.

Multiple Government reforms continue to boost the auto sector such as, production incentive scheme (PLI), vehicle scrappage policy, which aims to reduce the number of old and defective vehicles, bringing down vehicular air pollutants, improving road and vehicular safety, all these interventions will have significant long-term perspective.

However, the auto sector is still grappling with fluctuating raw material prices of steel, aluminum, copper, precious metals and increasing fuel prices which are likely to impact the growth and fuel mix aspect of the automobile sector. Thus, this year is likely to be a challenging year for the auto component industry.

The Company will endeavor to revitalize in near future as demand for vehicles witnesses further growth. To remain competitive in the challenging and demanding environment, the benchmark needs to be kept high in anticipation of the stated and unstated needs of customers and markets.

(e) Risks and concern

The Company operates in an environment which is affected by various risks, some of which are controllable while some are outside the control of the Company. However, the Company has been taking appropriate measures to mitigate these risks on a continuous basis. Some of the risks that are potentially significant in nature and need careful monitoring are listed hereunder:

Macro Indicators: The Indian economy has demonstrated resilience and continued to perform reasonably well despite prevailing global challenges. However, ongoing geopolitical tensions, particularly the conflict in West Asia, including the Israel-Hamas war, and their broader global implications are expected to have implications for India. These developments have contributed to an increase in crude oil prices, edible oil prices, and other key commodities, thereby exerting upward pressure on inflation.

Raw material prices: Our profitability and cost effectiveness may be affected due to rise in the prices of raw materials and other inputs.

Foreign Currency Risks: Exchange rate fluctuations may have an adverse impact on the Company.

Technical Intensive Industry: The automobile industry is a technical intensive industry and thus faced with a constant demand for new designs, knowledge of nascent technology to meet market requirements.

Increasing competition: Increasing competition in the auto equipment sector may put some pressure on the market share.

(f) Adequacy of Internal Control Systems

The Company has an Audit Committee headed by a non-executive Independent Director, inter-alia, to oversee the Company's financial reporting process, disclosure of financial information, performance of statutory and internal auditors, functions, internal control systems, related party transactions, investigation relating to suspected fraud or failure of internal audit control, to name a few, as well as other areas requiring mandatory review as per provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, with the stock exchanges. The powers of the Audit Committee, inter-alia, include seeking information from any employee, directing the Company's internal Audit function, obtaining outside legal or other professional advice and investigating any activity of the Company within the Committee's terms of reference.

The Company has a well-defined internal control system, which aims at protection of Company's resources, efficiency of operations, compliances with the legal obligations and Company's policies and procedures.

(g) Discussion on financial performance with respect to operational performance.

The required information forms part of the Board's Report and the members may refer the same.

FEATURES OF NOMINATION AND REMUNERATION POLICY OF THE COMPANY

- The policy lays down the criteria and terms and conditions with regard to identifying persons who are qualified to become Directors (Executive and Non-Executive) and persons who may be appointed in Senior Management and Key Managerial positions and to determine their remuneration.
- The policy determines remuneration of Directors, KMP and other employees, based on the Company's size and financial position and trends and practices on remuneration prevailing in peer companies in the auto ancillary industry.
- The policy specifies the manner for effective evaluation of performance of Board, its Committees and individual directors to be carried out either by the Board, by the Nomination and Remuneration Committee or by an independent external agency and review its implementation and compliance so as to provide them reward linked directly to their efforts, performance, dedication and achievement relating to the Company's operations.
- The policy aims to retain, motivate and promote talent and to ensure long term sustainability of talented managerial persons and create competitive advantage.
- Further the Nomination and Remuneration Policy is available on the website of the Company at <https://www.federalmogulgoetzeindia.net/web/documents/NOMINATION%20AND%20REMUNERATION%20POLICY.pdf>

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS OUTGO

**Pursuant to clause (m) of sub-section (3) of section 134 of the Companies Act, 2013
and Companies (Accounts) Rules, 2014**

A. CONSERVATION OF ENERGY**a) The following energy conservation measures were taken:**

- Ring Machine Shop MS Unit: Replacement of diode-based rectifiers with IGBT Rectifier, results into the annual Saving of 362191 Kwh for FY 2025-2026
- Ring Machine Shop Unit: Replacement of old motors with energy efficient motors results in the annual Saving of 174191 Kwh for FY 2025-2026
- Piston Foundry: Installation of Thyristor drives against conventional contactors on Holding / dipping furnaces results into the annual Saving of 178200 kwh for FY 2025-26.
- Piston Foundry: Replacement of 2 conventional Sklenar furnaces with Melt Tower results into the annual Saving of 171035 Kwh Fy 2025-26
- Piston Foundry: Replacement of conventional motors with Energy Efficient IE3 Motors results into the annual Saving of 128986 Kwh for FY 2025-26
- BLDC Man cooler fans instead of conventional fans saving of Min 40% power in campus resulting into the Annual saving of 37500 kwh for FY 2025-26
- Servo DIGI vcc for 250HP one compressor for Piston plant results in annual Saving of 518800 Kwh for FY 2025-26
- 100-ton upper ram 50 HP IE1 induction motor replaced with 50 HP IE4 induction motor results into the Energy Saving.

b) The steps taken by the Company for utilizing alternate sources of energy:

- The Bangalore facility uses 95% of Renewable Energy through Wind/Solar PPA resulting in reduction of Green House Gases (GHG).
- Optimum usage of natural roof lighting in the manufacturing area.
- Roof sun light sheets in new buildings with turbo ventilator system.
- DG converted in dual fuel mode (70% gas + 30% HSD)
- 270 KW roof solar plant has been installed in Bhiwadi facility.
- MW Ground Mount-OpenX solar plant installed in Patiala site and another 2.1 MW under installation for Patiala Site.

c) Capital investment in energy conservation equipment: 325 Lakhs**d) Impact of the above measures**

The above measures resulted in reduction in energy consumption, saving in power cost, productivity improvement and reduction in environmental load.

B. TECHNOLOGY ABSORPTION**i) The efforts made towards technology absorption:**

Manufacturing Process Optimization:

1. Introduction of auto gauging instead of manual gauging of shim
2. Improved unloading mechanism of Conv. ADA machine from hydraulic to servo.
3. Improving productivity on Gap grinding machines by developed CBN grinding wheels.
4. Eliminating O mark in semi-inlaid rings
5. Semi Automation for parts loading on manual CNC
6. Installation of Briquetting Press for improvement in Recycling in Pistons
7. ID/OD Auto Measuring System installed in Rings for improvement in Ring Quality Inspection.

8. Upgradation of Casting Machines is done to improve casting capability and Automation improvement for overall efficiency Improvement.
9. Double Cam Turning Equipment is upgraded for better Accuracy and Quality Improvement in Ring Manufacturing
10. 2 Nos Multi Spindle Boring machines installed to improve process capability in Manufacturing of Gasoline Pistons.

Product Development and Innovation:

1. Introduced a new generation of high-strength aluminum alloys with approximately 15% higher fatigue strength for mainstream commercial vehicle applications
2. Introduced ring carrier and gallery-cooled piston designs for TGD gasoline engines to support higher peak cylinder pressures and improved thermal management
3. Implemented Alfin ring/ring carrier technology in gasoline pistons to enhance groove durability and resistance to wear
4. Strengthened simulation capabilities through the integration of advanced tools for analyzing piston and ring dynamic behavior, enabling more accurate prediction of wear & friction
5. Developed optimized oil ring profiles with enhanced oil-scraping design to reduce oil consumption (LOC), lower friction, improve oil control under high-speed operating conditions, and minimize particulate loading on the GPF
6. Expanded the application of PVD coated piston rings across gasoline engine platforms to make it compatible with flex-fuel (E20 and above), wear resistance, and scuffing performance
7. Strengthened our Sintered material portfolio by adding high cobalt tool steel material & molybdenum nickel steel with increased level of locked-in solid lubricants for Flex fuels, CNG & H2
8. Developed dual-layer valve seat materials for inlet and exhaust valve applications to improve wear and thermal performance
9. Components specifically engineered for ethanol and flex-fuel applications, successfully validated through all performance and durability testing phases and now in mass production
10. Advanced H₂ ICE ring pack solutions featuring upgraded alloys, profiled steel rings, and cast-iron ring technologies have successfully completed performance validation and are progressing through durability testing

Quality Control and Inspection:

1. Installing semi-multi gauging machines for passenger car applications
2. Introducing Ai camera systems for piston visual inspection.
3. Fume extraction system to extract laser fumes during laser marking.
4. Laser machine unit equipped with auto Bar code camera with Improved fault detection technology.
5. Wireless RTDS, transmit spectrometer result to melting platform in secs. (Under procurement)
6. Software FRP, Melt Addition (Real-time Charge Calculation) + Laboratory management (Under procurement)

Process Improvement and Efficiency:

1. Eliminating sand stamping process by introducing laser marking
2. Improving productivity by developing profile tools to reduce cycle time
3. Optimize current density to reduce cycle time in CKS Plating
4. Improve working range of key stone grinder from 2.5mm ring to 2.00 mm ring.
5. Improve coolant filtration efficiency on grinding machines by introducing intermediate scrapper conveyor.
6. Introduction of low-cost effective Valve seat compaction presses

ii) Benefits derived like product improvement, cost reduction, product development or import substitution

- Energy cost savings by Installation of Thyristor drives against conventional contactors on Holding / dipping furnaces to reduce losses
- Energy cost savings by replacement of Induction motors with IE3 Motor & LED lighting fixtures

- Energy cost savings by Replacement of 1 conventional Sklener furnaces with Melt Tower with lesser heat loss and improvement in melting cost by energy saving.
- Energy cost saving by Replacement of Molten Metal Holding Furnaces with Energy Efficient Molten Metal Holding Furnaces.
- Energy cost saving by Replacement of Non-Star Rated Air Conditioners with Star Rated Air Conditioners
- Replacement of Diode based rectifiers to Insulated gate bi-polar transistor (IGBT) based Rectifier in chrome plating in Patiala site
- Replacement of conventional motors with energy efficient motors IE3 in Piston Rings plant at patiala site
- Installation of VFD on 75KW dedusting motor in Ring foundry
- Power cost saving and CO2 reduction by maximizing renewable energy utilization across the campus.
- Self generating cost savings by replacing existing DG sets with high efficiency DG sets for the campus.
- Upgrading the machines with latest Tenneco safety standards.
- Energy efficient motors shall be planned wherever required from IE1 to IE4 and permanent magnet motors in progress.
- Improved water conservation through recycling and reuse of treated water in manufacturing processes.
- Effective utilization of pre melting furnaces to save PNG gas.
- Increased equipment uptime by replacing obsolete electrical panels and controls with latest technology.
- Saving in Motor capacity optimization with correct rated.
- Power savings in Holding furnaces with latest technology insulations and with Thyristor drives.
- Introduced energy efficient Induction furnaces in the campus.
- Optimized compressed air system performance through pressure management and efficient compressor operation.
- Adding LT APFC panels to achieve max PF to reduce demand.
- Effective shutdown plan in place across for the campus.
- Power saving in chrome rings through layout changes.
- BLDC motors for man coolers for energy conservation across the campus.
- EHT bus installed to minimize DG set usage.

iii) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year)-

- a) Details of technology imported – refer table below.
- b) Year of import – refer table below.
- c) Whether the technology has been fully absorbed - No
- d) If not fully absorbed, areas where absorption has not taken place, and the reasons thereof – due to old technology, service support / spare parts from OEMs not available. That's why installation / commissioning takes time.

ANNUAL REPORT ON CSR ACTIVITIES FOR FINANCIAL YEAR 2025-26

PURSUANT TO RULE 8 OF COMPANIES (CORPORATE SOCIAL RESPONSIBILITY POLICY) RULES, 2014

1. Brief outline on CSR Policy of the Company:

The Company is proactively fulfilling its social responsibilities as a member of society. Beyond legal compliances and keeping our promises to our customers, we think broadly about how we can contribute to society through our business and put these ideas into action of our own will.

Our endeavour is to provide financial assistance in the form of grant-in-aid assistance, to support, supplement and improve the quality of life of different segments of the society, specifically the deprived, and underprivileged section of the society.

Our social investment programmes focus on:

- **Promotion of Education** – Promoting quality education amongst less privileged children, especially girl child, to bring about a social change.
- **Employment Enhancing Vocational Skills** – The biggest challenge that the industry is facing today is the availability of trained and skilled Manpower. Industries see this as a major bottleneck in their expansion plans. They also face challenges to maintain the desired output and quality due to lack of availability of skilled manpower. We plan to launch series of programmes to provide technical and vocational training with an ultimate aim of creating world class skilled work force and making the potential employees 'Job Ready' before they embark upon their professional career.
- **Sanitation** – To ensure effective waste management systems by supporting with basic amenities like EV vehicle for managing the collection and transportation of waste generated in the city.

3.1 CSR ACTIVITIES: CSR activities will be undertaken within India.

CSR activities will include the following activities relating to:—

- (i) Eradicating hunger, poverty, malnutrition, promoting preventive healthcare and sanitation and making available safe drinking water.
- (ii) Promotion of education, including special education and employment enhancing vocational skills especially among children, women, elderly, and the differently abled and livelihood enhancement projects.
- (iii) Promoting gender equality, empowering women, setting up homes and hostels for women and orphans, setting up old age homes, day care centres and such other facilities for senior citizens and measures for reducing inequalities faced by socially and economically backward groups.
- (iv) Measures for the benefit of armed forces veterans, war widows and their dependants
- (v) Training to promote rural sports, nationally recognized sports, paralympic sports and Olympic sports
- (vi) Ensuring environmental sustainability, ecological balance protection of flora and fauna, animal welfare, agro forestry, conservation of natural resources and maintaining quality of soil, air and water.
- (vii) Protection of national heritage, art and culture including restoration of buildings and sites of historical importance and works of art, setting up public libraries, promotion and development of traditional arts and handicrafts.
- (viii) Contributions or funds provided to technology incubators located within academic institutions which are approved by Central Government
- (ix) Rural development projects

- (x) Contribution to the Prime Minister's National Relief Fund or any other fund set up by the Central Government or the State Governments for socio-economic development and relief and funds for the welfare of the Scheduled Castes, the Scheduled Tribes, other backward classes, minorities and women; and
- (xi) Such other matters as may be prescribed by the Central Government and approved by the Board of Directors/ CSR Committee, as the case may be.

4. PROHIBITED ACTIVITIES UNDER CSR

The Corporation will abstain from carrying out the following activities under CSR that may create dissatisfaction in any section of the Society:-

- I. Activities concerned with religion like construction of temple/mosque etc.
- II. Activities disturbing social harmony in any manner.
- III. Activities exclusively for the benefit of employees of the company or their family members
- IV. Such other activities as may be prohibited by Central Government

5. IMPLEMENTATION MECHANISM

The Company would consider the following broad parameters while identifying/selecting the schemes/projects:

- 5.1 The assistance under CSR activities may be in the form of donation, so as to create social impact and visibility.
- 5.2 While implementing the identified activities, time frames and milestones may be predefined.
- 5.3 The CSR projects may be based on fundamentals of sustainable development
- 5.4 In line with the Companies Act, 2013, donation based assistance/ grants, should not be less than limits as may be prescribed by the Central Government/ Ministry of Corporate Affairs from time to time.
- 5.5 Proper screening, checks and balances shall be ensured while sanctioning the CSR proposals.

6. PLANNING AND COORDINATION

- 6.1 Subject to the above, the Company will prepare an annual plan for CSR activities for each year within the budgetary provisions and will place the same before the CSR Committee / the Board of Directors for approval, as the case may be.
- 6.2 The focus of benefits will be in line with the activities mentioned in this document and as per programs, projects and schemes approved.

7. MONITORING AND EVALUATION

Regular update on the CSR initiatives undertaken and/ or to be undertaken shall be given to the CSR Committee. The Company may also depute one or more employees who shall monitor the CSR initiatives of the Company and report the same to the CSR Committee. The impact of the CSR activities may be quantified to the extent possible. The Chairman of CSR Committee shall draw a time frame from the date of initiation. In case of any delay noticed while monitoring the CSR initiatives, remedial measures shall be taken for timely completion of the Project.

8. ALLOCATION OF FUNDS

A total allocation of amount as prescribed by the Companies Act, 2013 and approved by the Board will be earmarked every year for implementation of CSR programmes.

9. REPORTING

An annual report of the activities undertaken under the CSR initiatives will be prepared, mentioning the activities identified, benefits accrued as a result thereof and the number of people benefited there from. The said report shall be submitted to the Board of Directors.

10. GENERAL

- 10.1. The surplus arising out of the CSR projects or programs or activities shall not form part of the business profits of the Company;
- 10.2. In case of any doubt with regard to any provision of the policy and also in respect of matters not covered herein, a reference to be made to the CSR Committee. In all such matters, the decision of the CSR Committee shall be final.
- 10.3. Any or all provisions of the CSR Policy would be subject to revision/amendment in accordance with the Companies Act, 2013, rules and regulations as may be prescribed by the Central Government, from time to time.
- 10.4. The Company reserves the right to modify, cancel, add, or amend any of these Rules.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31st March, 2026

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,

Federal-Mogul Goetze (India) Limited

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Federal-Mogul Goetze (India) Limited** (hereinafter called the 'Company'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2026 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2026 according to the provisions of, as amended from time to time:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings (Applicable only to the extent of Foreign Direct Investment/Overseas Direct Investment);
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 – **Not applicable as the Company has not issued any shares during the year under review;**
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 – **Not applicable as the Company has not issued any shares/ options to directors/ employees under the said guidelines/regulations during the year under review;**
 - (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 -**Not applicable as the Company has not issued any debt securities during the year under review;**
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 2025 regarding the Companies Act and dealing with client - **Not applicable as the Company is not registered as Registrar to an Issue and Share Transfer Agent during the year under review;**

- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 - **Not applicable as the Company has not delisted / proposed to delist its equity shares during the year under review; and**
- (h) The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018- **Not applicable as the Company has not bought back / proposed to buy-back any of its securities during the year under review.**

I have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India and the Listing Agreements entered into by the Company with BSE Limited and National Stock Exchange Limited read with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

It is further reported that:

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
- Adequate notices were given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- Majority decisions were carried through. Dissenting members' view were not required to be captured and recorded as part of the minutes as there was no such instance.
- There are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

Few observations, corrections and compliances were suggested to the Company during the audit period. Some of which were diligently carried out by the Company under the review period itself.

I further report that, the Compliance by the Company of the applicable financial laws such as direct and indirect tax laws and maintenance of financial records and books of accounts have not been reviewed in this audit since the same have been subject to review by the statutory financial auditors, tax auditors and other designated professionals.

I report further that, during the audit period there were no other specific events/actions in pursuance of the above referred laws, rules, regulations, guidelines, etc. having a major bearing on the Company's affairs.

I, have relied upon the Statutory Auditors assessment and comments for laws other than the above referred laws.

1	Energy & Emissions	Both (Risk and Opportunity)	Energy remains a critical input for the Company's manufacturing operations, and accordingly, the Company has adopted a forward-looking approach	The Company follows a structured and systematic approach to managing energy use and associated emissions. Continuous improvements in	Positive: The Company's strategic initiatives towards energy efficiency and increased adoption of cleaner energy sources

			towards managing its energy profile. While conventional energy sources continue to support current operational requirements, the Company is progressively transitioning towards a more sustainable and diversified energy mix.	energy efficiency across operations, coupled with targeted efforts to reduce emission intensity, remain central to its strategy. The Company is steadily enhancing the share of renewable energy through both onsite and offsite interventions, while also investing in alternative and emerging fuel technologies to strengthen long-term readiness. These measures are integrated into operational decision making processes, thereby ensuring sustained progress and resilience	are expected to drive cost optimisation and reduce exposure to volatility associated with conventional fuels. These measures enhance operational resilience and improve long term cost competitiveness. Furthermore, the Company's alignment with low-carbon technologies and future mobility trends is likely to strengthen growth prospects and support sustainable value creation for investors.
2	Product Quality and Safety	Risk/ Opportunity	The Company operates in a highly quality- sensitive automotive sector where product defects can directly impact vehicle safety and customer trust. Failure to maintain stringent quality standards may result in recalls, warranty claims, and loss of OEM relationships. Maintaining superior quality enhances reputation and strengthens long-term customer partnerships.	The Company ensures product quality and safety through globally aligned quality management systems and a strong customer-centric approach. The four manufacturing facilities of the Company have achieved 100% certification under IATF 16949, ISO 9001. Close collaboration with OEM customers across the product lifecycle enables timely resolution of feedback and complaints through coordinated efforts of engineering, manufacturing, and quality teams. This is supported by a localized manufacturing footprint near key OEM hubs. Quality is further reinforced through IATF-certified systems and a "first-time-right" approach, ensuring reliability, continuous improvement, and responsiveness via accessible customer communication channels.	Positive and Negative

3	Occupational Health and Safety	Risk/ Opportunity	Manufacturing operations involve exposure to machinery, high temperatures, and industrial processes, which pose risks to employee health and safety. Ineffective safety management may lead to workplace incidents, resulting in injuries, regulatory action, and operational disruptions. Without adequate mitigation measures, such incidents could lead to financial penalties, increased insurance costs, and reputational damage. Strengthening safety practices enhances workforce productivity and reduces downtime.	The Company adopts a structured and proactive approach to managing health and safety risks through well-established systems, continuous monitoring, and capability-building initiatives. The organisation undertakes regular hazard identification, incident reporting, and employee training programs to promote safe work practices across operations. This approach is anchored in Tenneco's global Environment, Health and Safety (EHS) Policy, the ISO 45001:2018 Occupational Health and Safety Management System, and the P3 (People, Performance, Pride) Operating Standard, which places employee safety at the core of operational excellence. Manufacturing facilities are certified to ISO 45001 and ISO 14001, enabling systematic risk assessment, regulatory compliance, and continuous improvement through periodic internal and external audits.	Positive and Negative
4	Corporate Governance	Risk/ Opportunity	Strong corporate governance is essential to ensure transparency, ethical conduct, and regulatory compliance. Weak governance frameworks may lead to fraud, mismanagement, or legal non-compliance, impacting stakeholder confidence. Effective governance enhances decision-making, ensures accountability, and strengthens investor trust, which is critical in maintaining access to capital and longterm business sustainability.	The Company operates within a well defined governance framework which includes entity - level policies, procedures, and operating practices tailored to the requirements of India operations. The Company's governance structure is led by a strong and experienced Board of Directors, supported by various Board Committees, which provide oversight on strategy, risk management, compliance, ethics, sustainability, and stakeholder interests.	Positive and Negative

				This governance framework promotes accountability, transparency, and responsible decision-making across the organization. The Company implements policies, standards, and management systems aligned with the principles of responsible business conduct and the NGRBC. These frameworks promote ethical conduct, regulatory compliance, employee well-being, human rights, environmental stewardship, responsible sourcing, data protection, and product responsibility.	
5	Business Ethics and Conduct	Risk	The Company operates in an environment where risks related to bribery, corruption, and unethical conduct may arise. Any breach of ethical standards can lead to legal actions, financial penalties, and reputational damage. Maintaining a strong ethical culture is critical for sustaining stakeholder trust.	The Company embeds integrity and ethical conduct across all operations, with a zero tolerance approach to bribery and corruption. This is supported by a robust anti-corruption framework anchored in the Tenneco Code of Conduct, enabling structured identification and mitigation of ethical risks. Regular training and awareness programmes, conducted through digital and in-person formats, reinforce employee understanding and ensure consistent adherence to established ethical standards.	Negative
6	Risk Management	Risk	Exposure exists across operational, financial, regulatory, and strategic dimensions, making effective risk oversight critical. Weak or inadequate risk management practices can result in unexpected disruptions, financial setbacks, and regulatory non-compliance. Establishing a strong risk management	The Company manages risks through a robust risk management and internal control framework. Oversight is provided by the Risk Management Committee, Audit Committee and Board all chaired by Independent Directors. 2. Unionized permanent workers are assessed in accordance with the Long-Term Settlement Agreements. Non-unionized permanent workers are assessed annually.

10. Health and safety management system:

a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage such system?

Occupational health and safety management systems have been implemented across all the Company's manufacturing locations.

All the plants are certified to ISO 45001:2018, demonstrating the presence of structured and comprehensive systems to identify, manage, and mitigate occupational health and safety risks, while safeguarding employee health and well being.

Occupational health and safety is managed through the Company's P3 Tenneco System, supported by established OHSAS-aligned practices, oversight by the Factory Inspector, and engagement with relevant stakeholders.

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

The Entity has in place systematic risk management process to identify and control all the hazards by implementing the following:

1. Hazard Identification & Risk Assessment (HIRA),
2. Job Safety Analysis (JSA),
3. Worker Participation to identify unsafe act (UA), unsafe condition (UC) and near miss (NM) reporting
4. Internal and External Safety Audits,
5. Machine Safety Assessment by following global guidelines,
6. Work permit system,
7. Training Awareness,
8. Third Party Audits

c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Y/N)

The Company has processes in place across all its manufacturing locations that allow workers to report work related hazards and remove themselves from unsafe conditions. These mechanisms operate uniformly for all categories of employees and workers and support proactive identification and mitigation of safety risks.

Workers can report hazards and raise safety concerns through:

- Digital reporting systems (software and mobile app based platforms) for logging unsafe conditions, unsafe actions, and near miss events.
- Employee participation mechanisms, including structured safety suggestion channels and interactive communication forums.
- On ground engagement platforms such as Gemba Walks and shop floor connects, enabling direct reporting of hazards to supervisors and safety teams.
- HR Helpdesk channels, available for submitting safety related or workplace concerns.

These processes enable withdrawal from unsafe work situations in line with internal safety protocols and ensure that reported hazards are reviewed and acted upon by supervisors, safety personnel, and plant level leadership.

d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? (Y/N)

Yes. Employees and workers of the Company have access to non-occupational medical and healthcare services across its operations.

Employees are covered through annual medical check-ups, along with Group Medical Insurance, Group Accident Insurance, and Workmen's Compensation (WC) policies. These provisions are implemented to provide consistent healthcare support and financial protection, where applicable, thereby supporting employee well-being across locations.

11. Details of safety related incidents:

	Workers	7	4
No. of fatalities	Employees	0	0
	Workers	0	0
High consequence work- related injury or ill-health (excluding fatalities)	Employees	0	0
	Workers	0	4

Note: Previous year's figures have been restated and/or reclassified, wherever necessary, to conform to the current year's reporting practices.

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

The Entity emphasizes on the Occupational Health and Safety practices across all its business locations. In case of any unsafe acts and conditions are observed specific target dates are set for their resolution and closure. The Entity promotes 'speak up culture' as the employees are encouraged to share their concerns pertaining to any health and safety issues at their workplaces and discontinue their work, if required. Due to the Entity's focus on health and safety practices, we have been able to minimise the usage of hazardous chemicals at our manufacturing locations. The Entity employs the following methods to safeguard Occupational Health and Safety:

- a. Risk Assessment Activities;
- b. Work permit system;
- c. Frequent Training and awareness programs to employees on Occupational Health and Safety;
- d. Proper Ventilation, Air Handling Unit (AHU), provision of clean water at business locations;
- e. Safe Machine guarding as per Tenneco Emission security (EMSEC) standards
- f. Adequate Personal protective equipment (PPES) are provided as process wise PPE matrix.
- g. Regular EHS Audits are conducted at the manufacturing locations such as Gemba walks, safety patrols, Safety Committee Team rounds etc.

13. Number of Complaints on the following made by employees and workers:

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions:

Safety at the workplace remains one of the Company's highest priorities. The Company promotes a strong safety culture through individual accountability, proactive risk management and continuous improvement, supported by its ISO 45001:2018 Occupational Health and Safety Management System, periodic risk assessments, audits, incident investigations and employee engagement initiatives.

During the reporting period, health and safety assessments conducted across the Bangalore, Patiala and VSG operations, including Safety Sprint reviews, machine safety evaluations, HIRA studies and EHS maturity assessments, identified opportunities to strengthen machine safeguarding, LOTOTO compliance, contractor safety management, risk assessment quality, material handling controls and near-miss reporting.

In response, the Company undertook a number of corrective and preventive actions, including enhanced machine safeguarding and engineering controls, deployment of machine-specific LOTOTO procedures, comprehensive HIRA reviews, focused training on machine safety, electrical safety, arc-flash awareness and EHS Cardinal Rules, strengthening of contractor management processes, and implementation of corrective actions arising from incident investigations. The Company also expanded proactive safety culture initiatives such as the Parivartan programme, near-miss reporting campaigns, Stop-Call-Wait interventions and employee recognition programmes.

At Bangalore, actions focused on closure of Safety Sprint findings, strengthening of controls for foundry and high-risk manufacturing activities, improvement in risk assessment quality and reinforcement of LOTOTO and contractor safety processes. At Patiala, efforts included machine safeguarding improvements, arc-flash studies, advanced machine safety training and enhanced material handling controls. At VSG, the focus remained on implementing Safety Sprint and EHS maturity assessment action plans, improving machine safety, behavioural safety reporting, near-miss reporting and overall workforce engagement. All actions are tracked through periodic reviews and corrective action closure processes to ensure continual improvement in workplace health, safety and working conditions.

PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders

Essential Indicators

1. Describe the processes for identifying key stakeholder groups of the entity.

11. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 9 above.

Nil

PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment

Data under this principle only pertains to factories of the Company. Previous Year's figures have been re-stated

Essential Indicators

1. Details of total energy consumption (in Gigajoules or multiples) and energy intensity:

Parameter	FY (2025-2026) Current FY	FY (2024-2025) Previous FY
From renewable sources		
Total electricity consumption (A)	2,31,223	1,92,710
Total fuel consumption (B)	0	0.00
Energy consumption through other sources (C)	0	0.00
Total energy consumption (A+B+C)	2,31,223	1,92,710
From non-renewable sources		
Total electricity consumption (D)	3,04,653	3,03,352
Total fuel consumption (E)	1,20,810	1,08,432
Energy consumption through other sources (F)	0	0
Total energy consumed from non-renewable sources (D+E+F)	4,25,463	4,11,784
Total energy consumed (A+B+C+D+E+F)	6,56,686	6,04,494
Energy intensity per rupee of turnover (Total energy consumed / Revenue from operations) (GJ/ Millions INR)	34.13	34.17
Energy intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total energy consumed / Revenue from operations adjusted for PPP) (GJ/ Millions USD)	685.66	705.87
Energy intensity in terms of physical output	-	-
Energy intensity (optional) – the relevant metric may be selected by the entity	-	-

Notes 1: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency: No

2: The revenue from operations has been adjusted for PPP based on the latest PPP conversion factor published by the IMF- for India. For the years ended March 31, 2026, and March 31, 2025, it is 20.09 and 20.66, respectively.

3: Previous year's figures have been restated and/or reclassified, wherever necessary, to conform to the current year's reporting practices.

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

No

3. Provide details of the following disclosures related to water:

Notes 1: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No

2: Level of Treatment: ETP, STP and Secondary level treatment.

3: Previous year's figures have been restated and/or reclassified, wherever necessary, to conform to the current year's reporting practices.

Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

The Entity has implemented Effluent Treatment Plants and Sewage Treatment Plants for treating the effluent stream generated from its processes and the sewage stream generated from the washrooms, canteen and hand wash stations. The treated waters are used back by the processes and part of the treated are used for irrigation inside the facilities. In Bhiwadi, the treated wastewater is sent to the central effluent treatment plant (CETP) approved by the state pollution control board, and the permeate water is received back from CETP for process use. The entity is not into discharging its wastewater from the premises.

5. Please provide details of air emissions (other than GHG emissions) by the entity:

Parameters	Units	FY (2025-26) (Current Financial Year)	FY (2024-2025) (Previous Financial Year)
Sox	mg/Nm ³	0.15	1.28
Nox	mg/Nm ³	0.74	1.20
PM	mg/Nm ³	36.82	50.10
VOC	-	-	-
POP	-	-	-
HOC	-	-	-

Notes: Presently, the Company is not mapping VOC, POP and HOC.

6. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity:

Parameter	Unit	FY 2025-2026 (Current Financial Year)	FY 2024-2025 (Previous Financial Year)
Total Scope 1 emissions (Break-up of the GHG into CO₂, CH₄, N₂O, HFCs, PFCs, SF₆, NF₃, if available)	Metric tonnes of CO ₂ equivalent	6,243.49	5,658.65
Total Scope 2 emissions (Break-up of the GHG into CO₂, CH₄, N₂O, HFCs, PFCs, SF₆, NF₃, if available)	Metric tonnes of CO ₂ equivalent	60,084.39	59,827.80
Total Scope 1 and Scope 2 emission intensity per rupee of turnover (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations)	Metric tonnes of CO ₂ equivalent/ Million INR	3.12	3.38
Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations adjusted for PPP)	Metric tonnes of CO ₂ equivalent/ Million INR	62.73	69.86
Total Scope 1 and Scope 2 emission intensity in terms of physical output	-	-	-
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity	-	-	-

3: Previous year's figures have been restated and/or reclassified, wherever necessary, to conform to the current year's reporting practices.

7. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide details.

- a) The following energy conservation measures were taken:** a comprehensive range of energy conservation measures has been diligently pursued across our facilities:

The Company continues to increase the use of cleaner and renewable energy sources across its operations to reduce carbon emissions. The Bangalore facility sources approximately 95% of its electricity requirement through renewable energy generated under Wind and Solar Power Purchase Agreements (PPAs), significantly reducing greenhouse gas (GHG) emissions. The Company has also optimized the use of natural roof lighting in manufacturing areas and installed roof sunlight sheets along with turbo ventilator systems in new buildings to minimize electricity consumption. Further, conventional HSD-fired and LPG-fired furnaces have been converted to Piped Natural Gas (PNG), while diesel generators have been modified to operate in dual-fuel mode comprising 70% gas and 30% HSD, thereby lowering fossil fuel consumption and emissions. In addition, a 270 kW rooftop solar power plant has been installed at the Bhiwadi facility, and a 5 MW ground-mounted Open Access solar power project is under installation for the Patiala facility to further enhance the share of renewable energy in the Company's energy mix.

8. Provide details related to waste management by the entity:

Parameter	FY (2025-2026) (Current Financial Year)	FY (2024-2025) (Previous Financial Year)

Category of waste		
(i) Incineration	189.109	0.04
(ii) Landfilling	15.291	22.43
(iii) Other disposal operations	1206.00	1522.64
Total	1410.40	1543.11

Note 1: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency: No

2: The revenue from operations has been adjusted for PPP based on the latest PPP conversion factor published by the IMF- for India. For the years ended March 31, 2026, and March 31, 2025, it is 20.09 and 20.66, respectively.

3: Previous year's figures have been restated and/or reclassified, wherever necessary, to conform to the current year's reporting practices.

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your entity to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

Yes, the Entity has implemented various actions to reduce the waste generation and at the source of generation. Those actions are as follows:

- Sending hazardous waste, ETP Sludge, Oily Rags, used oil etc to authorised coprocessor or authorised recycler.
- Oil filtration system
- Selling polythene waste and other waste to authorised recyclers
- Selling non-Hazardous waste to Authorised recyclers.
- Reuse of treated wastewater into process
- Reuse of spent chromic acid from rotary bath.

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required:

S.No.	Location of operations/offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
NA			

11. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes /No)	Results communicated in public domain (Yes / No)	Relevant Web link
NA					

12. . Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N):

Yes, the entity is compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules made thereunder.

S.NO.	Specify the law / regulation / guidelines which was not complied with	Provide details of the non compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken, if any

INDEPENDENT AUDITOR'S REPORT

To The Members of Federal-Mogul Goetze (India) Limited Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Federal-Mogul Goetze (India) Limited** (the "Company"), which comprise the Standalone Balance Sheet as at 31 March 2026, and the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Cash Flows and the Standalone Statement of Changes in Equity for the year ended on that date, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, its profit and other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA's") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

Key Audit Matter	Auditor's Response
Provisions and contingencies relating to litigations The Company is involved in certain claims/matters relating to direct taxes, indirect taxes, and labour laws ('litigations') that are pending with various authorities and courts in India. The Company has recognised provisions aggregating ₹ 360.24 lacs and disclosed contingent liabilities of ₹ 10,720.99 lacs related to these litigations as at 31 March 2026 in the standalone financial statements. Whether a claim against the Company is recognised as a provision or disclosed as a contingent liability in the standalone financial statements is inherently judgmental and dependent on certain assumptions and management assessment. These include assumptions relating to the likelihood and/or timing of the cash outflows and the interpretation of applicable rules and regulations. The amounts involved are potentially significant and due to the range of possible outcomes and considerable uncertainty around these litigations, the determination of the need for recording a provision or disclosure as contingent liability in the standalone financial statements is inherently subjective/judgmental and therefore is considered to be a key audit matter in the current year.	Principal audit procedures performed included the following: Our audit procedures in relation to the provisions and contingent liabilities relating to litigations, included, but were not limited to, the following: - Obtained an understanding of the management process for:- - identification of litigations initiated against the Company and completeness thereof; - assessment of accounting treatment for income tax matters under the accounting principles of IND AS 12- Income Taxes and other matters under Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets; and measurement of amounts involved. - Evaluating the design and testing the operating effectiveness of key controls around the above process. - Test of details including, but were not limited to, the following: - Obtained an understanding of the nature of litigations pending against the Company and discussed the key developments during the year with the management. - Carried out procedures to test the completeness and accuracy of these matters by reconciling the same with details as per independent confirmations obtained, review of legal and professional expenses, verifying the underlying documents including correspondence during the period and also by reconciling the amount of provisions/contingent liabilities with amounts disclosed in the standalone financial statements.

Refer Note 2.3(s) "Provisions, Contingent liabilities and contingent assets" for accounting policies, Note 2.3(w) 'Provisions and Contingencies' under the head "Key sources of estimation uncertainty", Note 13 "Provisions" and Note 42 for disclosure in respect of provisions relating to litigations, and Note 36 in respect of details of Contingent liabilities in the standalone financial statements.

- Assessed the Company's assumptions and estimates in respect of litigations, including the liabilities or provisions recognised or contingent liabilities disclosed in the standalone financial statements. This involves assessing the probability of an unfavourable outcome of a given proceeding and the reliability of estimates of related amounts;
- For cases represented by consultants or legal counsels, reviewed response obtained as above or through legal advice obtained by the management to ensure that the conclusions reached by the management are supported by sufficient legal rationale and adequate information is included for the management to determine the appropriate accounting treatment of such cases in the standalone financial statements;
- Involved relevant tax specialists, where necessary, to assess the Company's interpretation and application of relevant tax laws to evaluate the appropriateness of key assumptions used and the reasonableness of estimates in relation to uncertain tax positions, taking into account past precedents.
- Evaluated the appropriateness of disclosures made relating to provisions and contingent liabilities in terms of the applicable Ind AS.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report including Annexures to Director's report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company except for not keeping backup on a daily basis of such books of account maintained in electronic mode in a server physically located in India till December 16, 2025 and thereafter, the Company has started keeping backup on a daily basis of such books of account maintained in electronic mode in a server physically located in India (refer Note 48(i) to the financial statements) and not complying with the requirement of audit trail as stated in (i)(vi) below.
- c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss including Other Comprehensive Income, the Standalone Statement of Cash Flows and Standalone Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31 March 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.
- f) The modifications relating to the maintenance of accounts and other matters connected therewith, are as stated in paragraph (b) above.
- g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report

expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 13(ii) and 36 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses- Refer Note 48(m) to the standalone financial statements;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company- Refer note 48(j) to the standalone financial statements.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the Note 48(k) to the standalone financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the Note 48(l) to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.
 - vi. Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the financial year ended 31 March 2026 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems except that the feature of recording audit trail (edit log) facility was not enabled at the database level to log any direct data changes- Refer Note 48(o) to the standalone financial statements.
Additionally, the audit trail that was enabled and operated, has been preserved by the Company as per the statutory requirements for record retention, as stated in Note 48(o) to the standalone financial statements.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(g) under ‘Report on Other Legal and Regulatory Requirements’ section of our report on the standalone financial statements for the year ended 31 March 2026 to the Members of Federal-Mogul Goetze (India) Limited of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

We have audited the internal financial controls with reference to standalone financial statements of **Federal-Mogul Goetze (India) Limited** (the “Company”) as at 31 March 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s and Board of Directors’ Responsibilities for Internal Financial Controls

The Company’s management and Board of Directors are responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A Company’s internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the

possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at 31 March 2025, based on the criteria for internal financial control with reference to standalone financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

[Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report on the standalone financial statements for the year ended 31 March 2026 to the Members of Federal Mogul Goetze (India) Limited of even date]

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, capital work-in-progress and relevant details of right-of-use assets.
(B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a program of verification of property, plant and equipment, capital work-in-progress and right-of-use assets so to cover all the items once in every 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, no such assets were due for physical verification during the year. Since no physical verification of property, plant and equipment was due during the year the question of reporting on material discrepancies noted on verification does not arise.
- (c) Based on the examination of the registered sale deed provided to us, we report that, the title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the standalone financial statements included in property, plant and equipment, are held in the name of the Company as at the balance sheet date.
- (d) The Company has not revalued any of its property, plant and equipment (including Right of Use assets) and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at 31 March 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The inventories except for goods-in-transit and stocks held with third parties, were physically verified during the year by the Management at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end, written confirmations have been obtained and in respect of goods in transit, the goods have been received subsequent to the year end or confirmations have been obtained from the parties. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories /alternate procedures performed as applicable, when compared with the books of account.
- (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, at points of time during the year, from banks on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the statements comprising stocks, book debts and creditors etc filed by the Company with the banks are in agreement with the unaudited books of account of the Company, of the respective quarters. The Company has not been sanctioned any working capital facility from the financial institutions.
- (iii) (a) The Company has made investment and provided advances in the nature of loans (interest free) during the year and details of which are given below:

(₹ In lacs)

	Amount
A. Aggregate amount provided during the year:	
Other parties	
- Employees	107.62
B. Balance outstanding as at balance sheet date in respect of above case:	
Other parties	
- Employees	67.22

The Company has not provided any guarantee or security, and granted any loans to companies, firms, Limited Liability Partnerships or any other parties during the year.

- (b) The investments made and the terms and conditions of the grant of all the above-mentioned advances in the nature of loans provided during the year are, in our opinion, prima facie, not prejudicial to the Company’s interest.

- (c) In respect of advances in the nature of loans (interest free) provided by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are regular as per stipulation.
- (d) According to information and explanations given to us and based on the audit procedures performed, in respect of advances in the nature of loans provided by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- (e) No advance in the nature of loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.
- (f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3(iii)(f) of the Order is not applicable.
- (iv) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.
- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013 in respect of other machinery and mechanical appliances. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) In respect of statutory dues:
- (a) Undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities. Sales Tax, Service Tax, duty of excise, and Value Added Tax are not applicable to the Company.
- There were no undisputed amounts payable in respect of Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, duty of Excise, duty of Custom, Value Added Tax, cess and other material statutory dues in arrears as at 31 March 2026 for a period of more than six months from the date they became payable.

*Amounts as per demand orders including interest and penalty wherever quantified in the Order.

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income-tax Act, 1961 (43 of 1961) during the year.
- (ix) (a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause 3(ix)(a) of the Order is not applicable to the Company.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) On an overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary.

- (f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- (x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) We have taken into consideration the whistle blower complaints received by the Company during the year and provided to us, when performing our audit.
- (xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports issued to the Company during the year and covering the period upto October 2025 and audit reports issued after the balance sheet date covering the period November 2025 to February 2026 for the period under audit.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clauses 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) There is no core investment company within the Group {as defined in the Core Investment Companies (Reserve Bank) Directions, 2016} and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act, 2013 or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

The standalone financial statements for the year ended 31 March 2026 were authorized and approved for issue by the Board of Directors on 25 May 2026

2.1 Statement of compliance with Ind AS

These standalone financial statements ('standalone financial statements') of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules 2015, as amended and other relevant provisions of the Act.

2.2 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.
2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.
3. Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively. Based on the current assessment, the Company does not expect a material financial impact from the application of the Pillar Two rules.

The Company has reviewed the amendments and based on its evaluation has determined that it does not have any significant impact in its financial statements.

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As at March 31, 2026, there are no new/revised standards that have been issued by the MCA but are not effective.

2.3 Material Accounting Policies

Basis of preparation of the standalone financial statements

The standalone financial statements have been prepared in accordance with the Ind AS and accounting principles generally accepted in India. Further, the standalone financial statements have been prepared on historical cost basis except for certain financial assets and financial liabilities which are measured at fair values as explained in relevant accounting policies. Historical cost is generally based on the fair value of the consideration given in exchange of goods or services.

The standalone financial statements have been prepared using the material accounting policies and measurement bases summarized below. These were used throughout all periods presented in the standalone financial statements.

a) Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash

Notes to the Standalone Financial Statements for the year ended 31 March 2026

and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of its assets and liabilities.

b) Use of estimates

The preparation of standalone financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the standalone financial statements and the results of operations during the year. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Any revision to accounting estimates is recognised in the current and future periods.

c) Functional and presentation currency

These financial statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All financial information presented in Indian Rupees has been rounded to the nearest lakhs (upto two decimals), except as stated otherwise.

d) Property, plant and equipment

Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognised in the standalone statement of profit or loss as incurred.

c) Functional and presentation currency

These financial statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All financial information presented in Indian Rupees has been rounded to the nearest lacs (upto two decimals), except as stated otherwise.

d) Property, plant and equipment

Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognised in the standalone statement of profit or loss as incurred.

Subsequent measurement (depreciation and useful lives)

Property, plant and equipment are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on property, plant and equipment is provided on the straight-line method ('SLM'), over the useful life prescribed in Schedule II to the Act or useful life determined based on technical evaluation and past trends, upto the estimated residual value of the depreciable assets, as follows:

Asset Class	Estimated useful life (in years)
Plant & Machinery	5 to 21 years
Furniture and fixtures and office equipment	3 to 10 years
Vehicles	8 to 10 years
Computers	3 years
Buildings	20 to 30 years

The residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognized.

Notes to the Standalone Financial Statements for the year ended 31 March 2026

e) Intangible assets

Recognition and initial measurement

Intangible assets (softwares) are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalized criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

Subsequent measurement (capitalized)

The cost of capitalized software is amortised over a period in the range of 5 years from the date of its acquisition.

f) Capital work-in-progress

Capital work-in-progress includes assets pending installation and not available for intended use. Capital work-in-progress are carried at cost, less any recognised impairment loss. Cost includes related acquisition expenses, development/construction costs and other direct expenditure, if any.

g) Impairment of non-financial assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

After impairment, depreciation/amortisation is provided on the revised carrying amount of the asset over its remaining useful life.

h) Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the weighted average of difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Company is required to consider –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Other financial assets

In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Company uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Company compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

i) Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value and except for trade receivables which are initially measured at transaction price. Subsequent measurement of financial assets and financial liabilities is described below:

Notes to the Standalone Financial Statements for the year ended 31 March 2026

Non-derivative financial assets

Subsequent measurement

- i. **Financial assets carried at amortised cost** – a financial asset is measured at the amortised cost if both the following conditions are met:
 - The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
 - Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.
- ii. **Investments in equity instruments of subsidiaries**– Investments in equity instruments of subsidiaries are accounted for at cost less any allowance for impairment, if any. Investments are reviewed for impairment if events or changes in circumstances indicate that the carrying amount may not be recoverable.
- iii. **Investment in equity instruments of other entities**- Investment in equity instruments of other entities are subsequently measured at fair value through profit or loss.

Non-derivative financial liabilities

Subsequent measurement

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the standalone statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

j) Leases

The Company as a lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using effective interest method) and by reducing the carrying amount to reflect the lease payments made. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

The Company as a lessor

Leases for which the Company is a lessor are classified as a finance or operating lease. Whenever the terms of the lease

Notes to the Standalone Financial Statements for the year ended 31 March 2026

transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

k) Inventories

Inventories are valued as follows:

Raw materials, components, stores and spares	Lower of cost or net realisable value. Cost represents purchase price and other direct costs and is determined on a moving weighted average cost basis that have been incurred in bringing the inventories to their present location and condition. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Goods in transit are valued at cost.
Work-in-progress	Lower of cost or net realisable value. Cost for this purpose includes material, labour and appropriate allocation of overheads. Cost is determined on a weighted average basis.
Finished Goods: - Manufactured - Traded	Lower of cost or net realizable value. Cost for this purpose includes material, labour and appropriate allocation of overheads. Cost is determined on a weighted average basis. Lower of cost and net realisable value. Cost represents purchase price and other direct costs and is determined on a moving weighted average cost basis.
Scrap	At lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. Provision for obsolescence is determined based on management's assessment and is charged to Standalone Statement of Profit and Loss.

l) Revenue recognition

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. A performance obligation is a promise in a contract to transfer a distinct good (or a bundle of goods) to the customer and is the unit of account in Ind AS 115. A contract's transaction price is allocated to each distinct performance obligation and recognised as revenue, as or when, the performance obligation is satisfied. The Company recognises revenue when it transfers control of a product to a customer. Revenue is measured at the amount of transaction price allocated to the performance obligation, taking into account contractually defined terms of payments and excludes tax and duties collected on behalf of the government. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. The Company recognises revenue from the following major sources:

i) Sale of products

Revenue from sale of products is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. It is measured at amount of transaction price allocated to the performance obligation, net of returns and allowances, trade discounts and volume rebates. The Company recognises revenue when it transfers control over a product to a customer i.e. when goods are delivered at the delivery point, as per terms of the agreement, which could be either customer premises or carrier premises who will deliver goods to the customer. When payments received from customers exceed revenue recognised to date on a particular contract, any excess (a contract liability) is reported in the standalone Balance Sheet under other current liabilities.

Satisfaction of performance obligations

The Company's revenue is derived from the single performance obligation to transfer primarily products under arrangements in which the transfer of control of the products and the fulfilment of the Company's performance obligation occur at the same time. Revenue from the sale of goods is recognised when the Company has transferred control of the

Notes to the Standalone Financial Statements for the year ended 31 March 2026

goods to the buyer and the buyer obtains the benefits from the goods, the potential cash flows and the amount of revenue (the transaction price) can be measured reliably, and it is probable that the Company will collect the consideration to which it is entitled to in exchange for the goods.

Whether the customer has obtained control over the asset depends on when the goods are made available to the carrier or the buyer takes possession of the goods, depending on the delivery terms. For the Company, generally the criteria to recognise revenue has been met when its products are delivered to its customers or to a carrier who will transport the goods to its customers, this is the point in time when the Company has completed its performance obligations. Revenue is measured at the transaction price of the consideration received or receivable, the amount the Company expects to be entitled to.

Payment terms

The sale of goods is typically made under credit payment terms differing from customer to customer and ranges between 30-60 days.

Variable considerations associated with such sales

Periodically, the Company launches various volume or other rebate programs where once a certain volume or other conditions are met, it gives the customer as volume discount some portion of the amounts previously billed or paid. For such arrangements, the Company only recognises revenue for the amounts it ultimately expects to realise from the customer. The Company estimates the variable consideration for these programs using the most likely amount method or the expected value method, whichever approach best predicts the amount of the consideration based on the terms of the contract and available information and updates its estimates each reporting period.

(i) Job Work:

Income from job work is accrued when right of revenue is established, which relates to effort completed.

(ii) Interest:

Interest income is recorded on accrual basis using the effective interest rate (EIR) method.

(iii) Dividends:

Revenue is recognised when the shareholders' right to receive payment is established by the balance sheet date.

(iv) Commission Income:

Commission income is accrued when due, as per the agreed terms.

(v) Export Incentives:

Export incentives are recognised in the Standalone Statement of Profit and Loss when the right to receive credit as per the terms of the scheme is established in respect of exports made.

(vi) Management support income:

Management support income is recognised as per the terms of the agreement based upon the services completed.

(vii) Lease income:

Rental income is recognised on a straight-line basis over the term of the lease, except for contingent rental income which is recognised when it arises and where scheduled increase in rent compensates the lessor for expected inflationary costs.

m) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. Capitalisation of borrowing costs is suspended in the period during which the active development is delayed due to, other than temporary interruption.

n) Foreign currency transactions

Foreign currency transactions are recorded in the functional currency, by applying to the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transactions.

Exchange differences arising on such conversion and settlement at rates different from those at which they were initially recorded, are recognised in the Standalone Statement of Profit and Loss in the year in which they arise.

Notes to the Standalone Financial Statements for the year ended 31 March 2026

o) Employee benefits

Employee benefits includes provident fund, National Pension Scheme (NPS), gratuity, compensated absences and bonus/ex-gratia.

i. Post-employment benefits

(a) Defined contribution plan:

• Provident fund

The Company offers its employees State governed provident fund linked with employee pension scheme as defined contribution plans. The contribution paid/ payable under the scheme is recognized during the period in which the employee renders the related service.

• National Pension Scheme

The Company makes specified monthly contributions towards national pension scheme to government administered scheme which is a defined contribution plan. The Company's contribution is recognised as an expense in the standalone statement of profit and loss during the period in which the employee renders the related service.

(b) Defined benefit plan:

For defined benefit retirement benefit plans (i.e. gratuity), the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses and return on plan assets, is reflected immediately in the Standalone Balance Sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service costs are recognized in profit or loss on the earlier of the date of the plan amendment or curtailment, and the date that the Company recognizes related restructuring costs.

Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined benefit costs are categorized as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements) and
- net interest expense or income; and
- re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

The liability or asset recognised in the standalone balance sheet in respect of gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

(c) Other long term employee benefits:

Long term liability for compensated absences is determined in accordance with company policy and is measured on the basis of valuation by an independent actuary at the end of the financial year. The actuarial valuation is done as per projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the standalone statement of profit and loss in the year in which such gains or losses are determined.

ii. Short term Employee Benefits

All employee benefits falling due wholly within twelve months of rendering the service are classified as short-term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, and ex-gratia are recognized in the period the related service is rendered at undiscounted amount of benefits expected to be paid in exchange for that service.

The cost of short-term compensated absences is accounted as under:

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

p) Voluntary Retirement Scheme

Expenditure on Voluntary Retirement Scheme (VRS) is charged to the standalone Statement of Profit and Loss when incurred.

Notes to the Standalone Financial Statements for the year ended 31 March 2026

q) Income taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income tax Act, 1961.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside the standalone Statement of Profit and Loss is recognised outside the standalone statement of profit or loss (either in other comprehensive income or in equity).

r) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

s) Provision, contingent liabilities and contingent assets

Provisions are recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are discounted to their present values, where the time value of money is material. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Provisions are discounted to their present values, where the time value of money is material.

Any reimbursement that the Company can be virtually certain to collect from a third party with respect to the obligation is recognised as a separate asset. However, this asset may not exceed the amount of the related provision.

All provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

In cases where the outflow of economic resources as a result of present obligations is considered improbable or remote, no provision is recognised.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised. However, when inflow of economic benefits is probable, related asset is disclosed.

t) Cash and cash equivalents

Cash and cash equivalent comprise cash at banks and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

u) Statement of Cash Flows

Standalone Statement of Cash Flows is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

(a) transactions of a non-cash nature;

(b) any deferrals or accruals of past or future operating cash receipts or payments and,

(c) all other items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents are reflected as such in the Standalone Statement of Cash Flows and excludes balances which are not available for general use as on the date of Standalone Balance Sheet are also included under this category with a specific disclosure. The interest received has been considered as investing activity for the purpose of Standalone Statement of Cash Flows.

v) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The board of directors assess the financial performance and position of the Company, and makes strategic decisions

Notes to the Standalone Financial Statements for the year ended 31 March 2026

and therefore the board would be the chief operating decision maker or 'CODM, within the meaning of Ind AS 108. The CODM evaluates the Company's performance and allocates resources based on the dominant source, nature of product and nature of risks and returns.

w) Significant management judgement in applying accounting policies and estimation uncertainty

In the application of the Company's accounting policies, which are described above, the Management of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Significant management judgements

Classification of leases – The Company enters leasing arrangements for certain assets. The classification of the leasing arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the reporting period, that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below:

Impairment of financial assets – At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding financial assets.

Provisions and Contingencies - The Company is the subject of certain legal, tax (direct and indirect taxes) and other regulatory matters which are pending in various jurisdictions. Due to the uncertainty inherent in such matters, it is difficult to predict the final outcome of such matters. The cases and claims against the Company often raise difficult and complex factual and legal issues, which are subject to many uncertainties, including but not limited to the facts and circumstances of each particular case and claim, the jurisdiction and the differences in applicable law. In the normal course of business, management consults with legal counsel and certain other experts on matters related to litigation and taxes. The Company accrues a liability when it is determined that an adverse outcome is probable and the amount of the loss can be reasonably estimated.

At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding regulatory and tax matters referred above. However, the actual future outcome may be different from this judgement.

Useful lives of depreciable/amortisable assets – Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of these assets.

Defined benefit obligation (DBO) – Management's estimate of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

31 Fair value disclosures
(i) Fair values hierarchy

Financial assets and financial liabilities measured at fair value in the balance sheet are classified into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

- (ii) Investment in equity shares are being carried at fair value through profit and loss except for investment in subsidiary which is carried at cost. The fair values of the unquoted investment in shares of Vyshali Energy Private Limited approximates the cost of the shares.

(iii) Fair value of instruments measured at amortised cost

Cash and cash equivalents, loans, trade receivables, investments in compulsorily convertible debentures, other current financial assets, trade payables and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- The fair values of investments are determined by using discounted cash flow method using the appropriate discount rate. The discount rate is determined using other similar instruments incorporating the risk associated.
- Security deposits given to government authorities are shown at cost as the same are given till perpetuity.

ii) Risk management

The Company's activities expose it to credit risk, liquidity risk and market risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the standalone financial statements.

A) Credit risk

Credit risk is the risk that a counterparty fails to discharge an obligation to the Company. The Company is exposed to this risk for various financial instruments, for example receivables from customers, placing deposits, etc. The Company's maximum exposure to credit risk is limited to the carrying amount of following types of financial assets.

- cash and cash equivalents,
- trade receivables,
- margin money kept with banks, and
- other financial assets.

a) Credit risk management

The Company assesses and manages credit risk based on internal credit rating system, continuously monitoring defaults of customers and other counterparties, identified either individually or by the Company, and incorporates this information into its credit risk controls. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit risks to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

- A: Low
- B: Medium
- C: High

Assets under credit risk -

Credit risk		As at 31 March 2026	As at 31 March 2025
A: Low	Cash and cash equivalents	73,115.62	50,615.50
	Other financial assets	2,993.97	3,275.61
	Trade receivables (considered good)	25,731.68	32,631.27
B: High	Trade receivables (significant increase in credit risk)	539.66	612.21

Cash and cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks across the country.

Trade receivables

The Company closely monitors the credit-worthiness of the customers through internal systems that are configured to define credit limits of customers, thereby, limiting the credit risk to pre-calculated amounts. The Company assesses increase in credit risk on an ongoing basis for amounts receivable that become past due and default is considered to have occurred when amounts receivable become six months past due.

Other financial assets measured at amortised cost

Other financial assets measured at amortised cost includes security deposits, export incentive receivables and others (including advances to employees). Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

Notes to the Standalone Financial Statements for the year ended 31 March 2026

(All amounts in ₹ Lakhs unless otherwise stated)

b) Expected credit losses

The Company provides for expected credit losses based on the following:

The Company recognizes expected credit losses on trade receivables using a simplified approach, wherein Company has defined percentage of provision by analysing historical trend of default and adjusted for forward-looking information. Allowance for expected credit loss has been created based on the past experience of the Company. Wherever required, past trend is adjusted to reflect the effects of the current conditions and forecasts of future conditions that did not affect the period on which the historical data is based, and to remove effects of the conditions in the historical period that are not relevant to the future contractual cash flows. Considering ongoing Russia-Ukraine crisis, during the financial year 2023-24, the Company has provided for doubtful recovery of ₹ 195.58 Lakhs in respect of amount recoverable from the related party though confident of ultimate recovery in due course. In respect of trade receivable balances from other related parties, there are no indicators at the period end for default in receipt of payments. Accordingly, the Company does not anticipate risk of recovery and expected credit loss in respect thereof.

Reconciliation of loss allowance – expected credit losses

	Trade receivables
Loss allowance as at 01 April 2024	542.52
Impairment loss recognised during the year	19.56
Amounts written off/reversals	(48.66)

Impairment loss recognised during the year*	26.24
Amounts written off/reversals	-
Loss allowance as at 31 March 2026	539.66

B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining liquidity under committed facilities.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Maturities of financial liabilities

The tables below analyses the Company's financial liabilities into relevant maturity classification based on their contractual maturities for all non-derivative financial liabilities.

The amounts disclosed in the table are the contractual undiscounted cash flows. For balances due within 12 months amounts equal their carrying values as the impact of discounting is not significant.

C) Market risk

a) Foreign currency risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US Dollar, Euro, Great Britain Pound, Japanese Yen, Chinese Yuan, Australian Dollar and Swedish Krona. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the functional currency of the Company. Considering the low volume of foreign currency transactions, the Company's exposure to foreign currency risk is limited and the Company hence does not use any derivative instruments to manage its exposure. Also, the Company does not use forward contracts and swaps for speculative purposes.

b) Interest rate risk
i) Liabilities

The Company does not have any outstanding borrowings amount and hence there is no interest rate risk.

ii) Assets

The Company's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

c) Price risk

The Company does not have any investments in equity instruments which create an exposure to price risk.

33. Capital management

The Company's capital management objectives are

- to ensure the Company's ability to continue as a going concern
- to provide an adequate return to shareholders

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet.

Notes to the Standalone Financial Statements for the year ended 31 March 2026

(All amounts in ₹ Lakhs unless otherwise stated)

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

Less than one year	106.50	216.81
One to five years	-	106.50
More than five years	-	-

The Company does not face any significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

The following are the amounts recognised in Standalone Statement of Profit and Loss:

	Year ended 31 March 2026	Year ended 31 March 2025
Depreciation charge of right-of-use assets (included in depreciation and amortisation expense)	178.38	168.73
Interest expense on lease liabilities (included in finance cost)	16.98	28.82
Rent expense relating to short-term leases (included in other expenses)	91.66	21.82
	287.02	219.37

Travelling and conveyance expense includes car lease rentals amounting to ₹ 152.95 lacs (previous year ₹ 139.20 lacs) which are cancellable at any point in time at the option of the lessee and has been considered as short term lease by the Company.

(ii) Lease related disclosures

- The Company has leases for land, buildings, vehicles and office equipment. With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. The Company classifies its right-of-use assets in a consistent manner to its land, buildings and office equipment.
- Total cash outflow for leases (including short-term leases and low value leases) for the year ended 31 March 2026 was ₹ 461.42 lacs (31 March 2025 ₹ 373.68 lacs).
- The Company has short term lease agreements in which there are no lock in periods. The disclosure requirement related to total commitment of short term leases is thus not applicable to the Company.
- Information about extension and termination options

Right of use assets	Number of leases	Range of remaining term	Average remaining lease term	Number of leases with extension option	Number of leases with purchase option	Number of leases with termination option
Land	2	69-70 Years	69 Years	1	-	1
Buildings	1	18 months	8 months	1	-	1

- There are no leases which are yet to commence as on 31 March 2026.

(II) Assets given under operating lease

The Company has given certain part of its Land & Building on operating lease. The details of future minimum lease payments receivable is given below:

	As at 31 March 2026	As at 31 March 25
a. Not later than one year	99.08	99.08
b. Later than one year and not later than five years	396.32	396.32
c. Later than five years	264.22	363.30

39. Employee benefit obligations
(a) Defined contribution plan

The Company has recognised the following amount in the Standalone Statement of Profit and Loss:

	Year ended 31 March 2026	Year ended 31 March 2025
Employers' contribution to:		
Provident fund	1,510.46	1,535.79
National Pension Scheme (NPS)	87.94	84.82

(b) Defined benefits plans

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of services except for fixed term employees where service period is one year or more, gets a gratuity on departure at 15 days basic salary (last drawn) for each completed year of service on terms not less favourable than the provisions of the payment of Gratuity Act, 1972. The scheme is funded with an insurance company in the form of a qualifying insurance policy. The following tables summaries the components of net benefit expense recognized in the Standalone Statement of Profit and Loss and the funded status and amounts recognized in the balance sheet for the plan.

The plan typically expose the Company to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.

Investment risk	The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.
Interest risk	A decrease in the bond interest rate will increase the plan liability.
Longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of the plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Disclosure of gratuity
(i) Amount recognised in the Standalone Statement of Profit and Loss is as under:

	Year ended 31 March 2026	Year ended 31 March 2025
Current service cost	589.90	558.29

Fair value of plan assets at the end of the year	9,397.00	9,845.71

Fair value of plan assets at the end of the year

	As at 31 March 2026	As at 31 March 2025
Defined benefit obligation	11,417.56	10,315.80
Fair valuation of plan assets	9,397.00	9,845.71
	2,020.56	470.09

(v) Risk exposure

i) Changes in discount rate

A decrease in discount yield will increase plan liabilities.

ii) Mortality table

The gratuity plan obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in plan liabilities.

iii) Salary increase

Actual salary increase will increase the plan's liabilities. Increase in salary rate assumption in future valuation will also increase the valuation.

(All amounts in ₹ Lakhs unless otherwise stated)
(vi) Plan assets

The major categories of plan assets as a percentage of the fair value of total plan assets are as follows

	As at 31 March 2026	As at 31 March 2025
Insurance company products	91.70%	91.00%
Others (equity instruments, cash, etc.)	8.30%	9.00%

(vii) Actuarial assumptions

	As at 31 March 2026	As at 31 March 2025
Method used	Projected Unit Credit	Projected Unit Credit

Mortality rate	Indian Assured Lives Mortality (IALM) (2006-08) (modified) (Ult)	Indian Assured Lives Mortality (IALM) (2006-08) (modified) (Ult)

* For Patiala unit workers joined before 2005 and for Bengaluru unit workers its 60 years and for others its 58 years. The estimates of seniority, future salary increases, considered in actuarial valuation, take account of price inflation, promotions and other relevant factors, such as supply and demand in the employment market.

Rate of employee turnover and salary increase depends upon various factors namely nature of employee, location etc.

(viii) A quantitative sensitivity analysis for significant actuarial assumptions is given as:

	As at 31 March 2026	As at 31 March 2025
Impact of the change in discount rate on liability- increase/(decrease)		
- Impact due to increase of 0.50 %	(329.54)	(280.88)
- Impact due to decrease of 0.50 %	340.39	299.52
Impact of the change in salary on liability- increase/(decrease)		
- Impact due to increase of 0.50 %	347.23	299.73
- Impact due to decrease of 0.50 %	(311.29)	(283.74)

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The following payouts are expected in future years:

	As at 31 March 2026
Year 1	1,615.16
Year 2	1,129.29
Year 3	1,339.94
Year 4	1,835.00

40. Revenue related disclosures

a Revenue from Contracts with Customers

Indian Accounting Standard 115 "Revenue from Contracts with Customers" ("Ind AS 115"), establishes a framework for determining whether, how much and when revenue is recognised and requires disclosures about the nature, amount, timing and uncertainty of revenues and cash flows arising from customer contracts. Under Ind AS 115, revenue is recognised through a 5-step approach:

- (i) Identify the contract(s) with customer;
- (ii) Identify separate performance obligations in the contract;
- (iii) Determine the transaction price;
- (iv) Allocate the transaction price to the performance obligations; and
- (v) Recognise revenue when a performance obligation is satisfied.

b Disaggregation of revenue

Revenue recognised mainly comprises of sale of products which majorly comprises of piston, piston rings and other automotive components. Set out below is the disaggregation of the Company's revenue from contracts with customers:

	Year ended 31 March 2026	Year ended 31 March 2025
Revenue from contracts with customers		
Sale of products		
Domestic	171,548.41	157,969.27
Export	15,705.00	14,131.56
Other operating income	5,158.53	4,828.05
Total revenue covered under Ind AS 115	192,411.94	176,928.88

c Revenue of timing of recognition

	Year ended 31 March 2026	Year ended 31 March 2025
Revenue of timing of recognition		
Revenue recognised at point in time	192,411.94	176,928.88
Revenue recognised over time	-	-
Total revenue from contracts with customers	192,411.94	176,928.88

Notes to the Standalone Financial Statements for the year ended 31 March 2026
(All amounts in ₹ Lakhs unless otherwise stated)
d) Contract balances

The following table provides information about receivables, contract assets and contract liabilities from contract with customers:

	Year ended 31 March 2026	Year ended 31 March 2025
Contract liabilities		
Advances from consumers	222.37	166.32
Deposits from dealers	311.28	307.83
Total contract liabilities	533.65	474.15
Receivables		
Trade receivables	26,271.34	33,243.48
Less : Allowances for expected credit loss	(539.66)	(513.42)
Net receivables	25,731.68	32,730.06

Contract asset is the right to consideration in exchange for goods or services transferred to the customer. Contract liability is the entity's obligation to transfer goods or services to a customer for which the entity has received consideration from the customer in advance. Contract assets (unbilled receivables) are transferred to receivables when the rights become unconditional and contract liabilities are recognised as and when the performance obligation is satisfied.

e) Reconciliation of revenue recognised with contract price

	Year ended 31 March 2026	Year ended 31 March 2025
Revenue from contracts with customers		
Sale of products (Gross)	188,285.53	173,271.57
Less: Discounts and rebates (refer note i below)	(1,032.12)	(1,170.74)
Total revenue covered under Ind AS 115	187,253.41	172,100.83

Revenue recognised during the year/amount refunded (7,649.28)		(16.45)	(4,482.06)	(31.54)
Closing balance	222.37	311.28	166.32	307.83

Notes to the Standalone Financial Statements for the year ended 31 March 2026

(All amounts in ₹ Lakhs unless otherwise stated)

g Satisfaction of performance obligations

The Company's revenue is derived from the single performance obligation to transfer primarily its products under arrangements in which the transfer of control of the products and the fulfilment of the Company's performance obligation occur at the same time. Revenue from the sale of goods is recognized when the Company has transferred control of the goods to the buyer and the buyer obtains the benefits from the goods, the potential cash flows and the amount of revenue (the transaction price) can be measured reliably, and it is probable that the Company will collect the consideration to which it is entitled to in exchange for the goods.

Whether the customer has obtained control over the asset depends on when the goods are made available to the carrier or the buyer takes possession of the goods, depending on the delivery terms. Revenue is measured at the transaction price of the consideration received or receivable, the amount the Company expects to be entitled to.

h Payment terms

The sale of goods is typically made under credit payment terms differing from customer to customer and ranges between 30-60 days (excluding transit period).

i Variable considerations associated with such sales

Periodically, the Company announces various volume and other rebate programs, where once a certain volume or other conditions are met, it refunds the customer some portion of the amounts previously billed or paid. For such arrangements, the Company only recognizes revenue for the amounts it ultimately expects to realize from the customer. The Company estimates the variable consideration for these programs using the most likely amount method or the expected value method, whichever approach best predicts the amount of the consideration based on the terms of the contract and available information and updates its estimates each reporting period.

41 Details of dues to micro enterprises and small enterprises as defined under the MSMED Act, 2006

On the basis of confirmation obtained from suppliers who have registered themselves under the Micro, Small and Medium Enterprise Development Act, 2006 (MSMED Act, 2006) and based on the information available with the Company, the following are the details:

f The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the Micro Small and Medium Enterprise Development Act, 2006	-	-

42. Provision for contingencies

The Company is involved in certain legal, tax (direct and indirect taxes) and other regulatory matters ('litigations'), the outcome of which may not be favourable to the Company. The Company is actively seeking to resolve these actual and potential statutory, taxation and regulatory matters. Management is in consultation with the legal, tax and other advisers to assess the likelihood that a pending claim will succeed. The Company has applied its judgement and has recognised liabilities based on whether additional amounts will be payable and has included contingent liabilities where economic outflows are considered possible but not probable.

Based on management assessment on likelihood, timing of cash outflows (current/non-current), interpretation of local laws,

pending disposal of these matters and consultations obtained from the management experts, where considered necessary in respect of these matters, the management has recognised for provision for contingencies towards legal, tax and other regulatory matters amounting to ₹ 360.24 Lakhs as at 31 March 2026 (previous year: ₹ 557.53 Lakhs).

43. Management support charges

During the financial year 2025-26, the Company has paid the management support charges under the networking fee model to Federal-Mogul Powertrain LLC amounting ₹ 3,374.28 Lakhs, (previous year ₹ 3,026.06 Lakhs). These charges are paid to availment of centralised services pertaining to all the products of the Company and, inter-alia, include Technical Support, Operations Management, Applications Engineering, Global Executive Management Services, Purchasing, Key Accounts Sales Management.

44. As per transfer pricing legislation under sections 92-92F of the Income Tax Act, 1961, the Company is required to use certain specific methods in computing arm's length prices of international transactions with associated enterprises and maintain adequate documentation in this respect. Since law requires existence of such information and documentation to be contemporaneous in nature, the Company has appointed independent consultants for conducting a Transfer Pricing Study (the 'Study') to determine whether the transactions with associate enterprises undertaken during the financial year are on an "arms length basis". Management is of the opinion that the Company's international transactions are at arm's length and that the results of the on-going study will not have any impact on the standalone financial statements and the independent consultants appointed have also preliminarily confirmed that they do not expect any transfer pricing adjustments.

45. During the earlier years, Tenneco Inc. (USA) (the Ultimate Holding Company till 16 November 2022 and intermediate holding company w.e.f. 17 November 2022) had granted certain share-settled restricted stock units (RSUs) to an eligible employee of the Company which vest on the grant date.

RSUs are time-based service awards and generally vest according to a three-year graded vesting schedule. One-third of the award will vest on the first anniversary of the grant date, one-third of the award will vest on the second anniversary, and one-third of the award will vest on the third anniversary.

During the earlier years, all the common stock of Tenneco Inc. (USA) got delisted from New York Stock Exchange effective 17 November 2022 and each of the Tenneco's outstanding awards of RSUs which were subject solely to service-based vesting conditions at such date have become fully vested and stood cancelled in exchange for the right to receive an equivalent amount in cash (subject to tax deducted at source). All the outstanding RSUs at such effective date have been settled in cash by Tenneco Inc. at price of USD 20 per RSUs. In terms of understanding reached, the Company had paid ₹302.18 Lakhs to the eligible employee of the Company and recovered the same from group company.

Further, in the earlier years, the Company had recognized share-based payment amounting ₹419.52 Lakhs (including amount of ₹252.85 Lakhs pertaining to period prior to 31 March 2022 determined by the management on the basis of graded vesting schedule) as an expense under employee benefit expense with a corresponding credit to Other equity as Deemed capital contribution (refer note 12).

Independent Auditor's Report

To The Members of Federal-Mogul Goetze (India) Limited Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Federal-Mogul Goetze (India) Limited** (the "Parent") and its subsidiary, (the Parent and its subsidiary together referred to as the "Group"), which comprise the Consolidated Balance Sheet as at 31 March 2026, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year ended on that date, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2026, and their consolidated profit and their consolidated other comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing ("SA's") specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

Key Audit Matter	Auditor's Response
Provisions and contingencies relating to litigations The Group is involved in certain claims/matters relating to direct taxes, indirect taxes and labour laws ('litigations') that are pending with various authorities and courts in India. The Group has recognised provisions aggregating to ₹360.24 lacs and disclosed contingent liabilities of ₹ 10,734.72 lacs related to these litigations as at 31 March 2026 in the consolidated financial statements. Whether a claim against the Group is recognised as a provision or disclosed as a contingent liability in the consolidated financial statements is inherently judgmental and dependent on certain assumptions and management assessment. These include assumptions relating to the likelihood and/or timing of the cash outflows and the interpretation of applicable rules and regulations. The amounts involved are potentially significant and due to the range of possible outcomes and considerable uncertainty around these litigations the determination of the need for recording a provision or disclosure as contingent liability in the consolidated	Principal audit procedures performed included the following: Our audit procedures in relation to the provisions and contingent liabilities relating to litigations, included, but were not limited to, the following: 1. Obtained an understanding of the management process for:- • identification of litigations initiated against the Group and completeness thereof; • assessment of accounting treatment for income tax matters under accounting principles of IND AS 12- Income Taxes and other matters under Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets; and Measurement of amounts involved. 2. Evaluating the design and testing the operating effectiveness of key controls around above process. 3. Test of details including, but were not limited to, the following: • Obtained an understanding of the nature of litigations pending against the Group and discussed the key developments during the year with the management. • Carried out procedures to test the completeness and accuracy of these matters by reconciling the same with details as per independent confirmations obtained, review of legal and professional expenses, verifying the underlying documents including correspondence during the period and by reconciling

financial statements is inherently subjective/judgmental and therefore is considered to be a key audit matter in the current year.

Refer Note 2.3 (t) "Provisions, Contingent liabilities and contingent assets" for accounting policies, Note 2.3(x) 'Provisions and Contingencies' under the head "Key sources of estimation uncertainty", Note 13(ii) and Note 43 "Provision for contingencies" and Note 37 "Contingent Liabilities" in the consolidated financial statements.

the amount of provisions/contingent liabilities with amounts disclosed in the consolidated financial statements.

- Assessed the Group's assumptions and estimates in respect of litigations, including the liabilities or provisions recognised or contingent liabilities disclosed in the consolidated financial statements. This involves assessing the probability of an unfavourable outcome of a given proceeding and the reliability of estimates of related amounts;
- For cases represented by consultants or legal counsels, reviewed response obtained as above or through legal advice obtained by the management to ensure that the conclusions reached by the management are supported by sufficient legal rationale and adequate information is included for the management to determine the appropriate accounting treatment of such cases in the consolidated financial statements;
- Involved relevant tax specialists, where necessary, to assess the Group's interpretation and application of relevant tax laws to evaluate the appropriateness of key assumptions used and the reasonableness of estimates in relation to uncertain tax positions, taking into account past precedents.
- Evaluated the appropriateness of disclosures made relating to provisions and contingent liabilities.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report including annexures to the Director's report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intend to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entity included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law have been kept by the Group except for not keeping backup on a daily basis of such books of account maintained in electronic mode in a server physically located in India till December 16, 2025 and thereafter, the Group has started keeping backup on a daily basis of such books of account maintained in electronic mode in a server physically located in India (refer Note 50 (g) to the consolidated financial statements) and not complying with the requirement of audit trail by the parent and its subsidiary as stated in (i)(vi) below.

- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Parent as on 31 March 2026 taken on record by the Board of Directors of the Parent Company and its subsidiary company, none of the directors of the Group companies is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) The modifications relating to the maintenance of accounts and other matters connected therewith, are as stated in paragraph (b) above.
 - g) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent and subsidiary company. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to consolidated financial statements of those companies.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the auditor's reports of subsidiary company, the remuneration paid by the Parent and such subsidiary company to their respective directors during the year is in accordance with the provisions of section 197 of the Act.
 - i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group - Refer Note 13(ii) and 37 to the consolidated financial statements.
 - ii) The Group did not have any material foreseeable losses on long-term contracts including derivative contracts- Refer Note 50(i) to the consolidated financial statements.
 - iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Parent and its subsidiary company- Refer Note 50(h) to the consolidated financial statements.
 - iv) (a) The respective Managements of the Parent and its subsidiary which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, as disclosed in the Note 50(i) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent or its subsidiary to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent or its subsidiary ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The respective Managements of the Parent and its subsidiary which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, as disclosed in the Note 50(k) to the consolidated financial statements, no funds have been received by the Parent or its subsidiary from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent or its subsidiary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances performed by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v) The final dividend proposed in the previous year, declared and paid by the subsidiary company, whose financial statements have been audited under the Act, during the year is in accordance with section 123 of the Act, as applicable.
- As stated in Note 31 to the consolidated financial statements, the Board of Directors of the subsidiary, whose financial

statements have been audited under the Act, have proposed final dividend for the year which is subject to the approval of the members of such subsidiary at the ensuing Annual General Meetings. Such dividend proposed is in accordance with section 123 of the Act, as applicable. Further, the Parent Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

- vi) Based on our examination which included test checks and that performed by the Parent and its subsidiary company, have used accounting software systems for maintaining their respective books of account for the financial year ended 31 March 2026 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software system except that the feature of recording audit trail (edit log) facility was not enabled at the database level to log any direct data changes- Refer Note 50(l) to the consolidated financial statements.

Additionally, the audit trail that was enabled and operated, has been preserved by the Company and the above subsidiary as per the statutory requirements for record retention, as stated in Note 50(l) to the consolidated financial statements.

2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO" / "the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us for the Parent and its subsidiary company included in the consolidated financial statements to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in the CARO reports of the said companies included in the consolidated financial statements.

In conjunction with our audit of the consolidated financial statements of the Company as at and for the year ended 31 March 2026, we have audited the internal financial controls with reference to consolidated financial statements of **Federal-Mogul Goetze (India) Limited** (hereinafter referred to as “Parent”) and its subsidiary company, (the Parent and its subsidiary company together referred to as “the Group”), as of that date.

Management’s and Board of Directors’ Responsibilities for Internal Financial Controls

The respective Company’s management and Board of Directors of the Parent and its subsidiary company, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control with reference to consolidated financial statements criteria established by the Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Parent and its subsidiary company, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Parent and its subsidiary company, which are companies incorporated in India.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A Company’s internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including

the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Parent and its subsidiary company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at 31 March 2026, based on the criteria for internal financial control with reference to consolidated financial statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Consolidated Financial Statements for the year ended 31 March 2026

1. Group information

Federal-Mogul Goetze (India) Limited ('FMGIL' or 'the Parent Company' or 'the Company') and its Subsidiary (hereinafter referred to as "the Group"), is inter-alia engaged mainly in the manufacture, supply and distribution of 'automotive components' used in automobiles. The principal facilities of the Group are located at Patiala (Punjab), Bengaluru (Karnataka) and Bhiwadi (Rajasthan), with its registered office in Delhi. The Holding Company is listed at National Stock Exchange of India Limited and Bombay Stock Exchange Limited.

At the year end, 60.05% of the shares of the Group are held by Federal Mogul Holding Limited, Mauritius and 14.93% of the shares of the Group are held by Federal-Mogul Vermögensverwaltungs GMBH, a fellow subsidiary. FMGIL is a subsidiary of Federal Mogul Holding Limited, Mauritius.

The consolidated financial statements comprise of the financial statements of the Holding Company and its undermentioned subsidiary:

Name of subsidiary	Country of Incorporation	Proportion (%) of equity interest	Principal activity
Federal-Mogul TPR India Limited	India	51%	Manufacturing of Automobile parts

The consolidated financial statements for the year ended 31 March 2026 were authorized and approved for issue by the Board of Directors of FMGIL on 25 May 2026

2.1 Statement of compliance with Ind AS

These consolidated financial statements of the group have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules 2015, as amended and other relevant provisions of the Act.

2.2 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.
2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.
3. Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively. Based on the current assessment, the Company does not expect a material financial impact from the application of the Pillar Two rules.

The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As at March 31, 2026, there are no new/revised standards that have been issued by the MCA but are not effective.

2.3 Basis of preparation and consolidation

Basis of preparation of the consolidated financial statements

The consolidated financial statements have been prepared in accordance with the Ind AS and accounting principles generally accepted in India. Further, the consolidated financial statements have been prepared on historical cost basis except for certain financial assets and financial liabilities which are measured at fair values as explained in relevant

Notes to the Consolidated Financial Statements for the year ended 31 March 2026

accounting policies. Historical cost is generally based on the fair value of the consideration given in exchange of goods or services.

Basis of consolidation

The consolidated financial statements comprises the financial statements of the Parent Company and its subsidiary as at 31 March 2026. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights
- The size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component's other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

The financial statements of the Company and its Subsidiary Company have been consolidated on a line-by-line basis by adding together like items of assets, liabilities, income and expenses. The financial statements of the subsidiary company used in the consolidation are drawn up to the same reporting date as that of the Company.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The financial statements of all the entities used for the purpose of consolidation are drawn up to same reporting date as that of the Parent Company, i.e., year ended on 31 March 2026.

2.4 Material Accounting Policies

a) Overall consideration

The consolidated financial statements have been prepared using the material accounting policies and measurement bases summarized below. These were used throughout all periods presented in the consolidated financial statements.

b) Operating Cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as twelve months for the purpose of current non-current classification of assets and liabilities.

c) Use of estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the consolidated financial statements and the results of operations during the year. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Any revision to accounting estimates is recognized in the current and future periods.

d) Functional and presentation currency

These consolidated financial statements are presented in Indian Rupees (₹), which is also the Group's functional currency.

Notes to the Consolidated Financial Statements for the year ended 31 March 2026

All financial information presented in Indian Rupees has been rounded to the nearest lacs (upto two decimals), except as stated otherwise.

e) Property, plant and equipment
Recognition and initial measurement

Property plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognised in consolidated statement of profit or loss as incurred.

Subsequent measurement (depreciation and useful lives)

Property, plant and equipment are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on property, plant and equipment is provided on a straight-line basis ('SLM'), over the useful life prescribed in Schedule II to the Act or useful life determined based on technical evaluation and past trends, upto the estimated residual value of the depreciable assets, as follows:

Asset Class	Estimated useful life (in years)
Plant & Machinery	5 to 21 years
Furniture and fixtures and office equipment	3 to 10 years
Vehicles	8 to 10 years
Computers	3 years
Building	20 to 30 years

Freehold land is not depreciated.

The residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

f) Intangible assets
Recognition and initial measurement

Intangible assets (softwares) are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

Subsequent measurement (capitalised)

The cost of capitalized software is amortised over a period in the range of 5 years from the date of its acquisition.

g) Capital work-in-progress

Capital work-in-progress includes assets pending installation and not available for intended use. Capital work-in-progress are carried at cost, less any recognised impairment loss. Cost includes related acquisition expenses, development/construction costs and other direct expenditure, if any.

h) Impairment of non-financial assets

At the end of each reporting period, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

Notes to the Consolidated Financial Statements for the year ended 31 March 2026

After impairment, depreciation/amortisation is provided on the revised carrying amount of the asset over its remaining useful life.

i) Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the weighted average of difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Group is required to consider –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables

In respect of trade receivables, the group applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Other financial assets

In respect of its other financial assets, the Group assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Group measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Group uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Group compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Group assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

i) Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value and except for trade receivables which are initially measured at transaction price. Subsequent measurement of financial assets and financial liabilities is described below:

Non-derivative financial assets

Subsequent measurement

i. **Financial assets carried at amortised cost** – a financial asset is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

ii. **Investment in equity instruments of other entities**- Investment in equity instruments of other entities are subsequently measured at fair value through profit or loss.

Non-derivative financial liabilities

Subsequent measurement

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an

Notes to the Consolidated Financial Statements for the year ended 31 March 2026

existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the consolidated statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

k) Leases
The Group as a lessee

The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using effective interest method) and by reducing the carrying amount to reflect the lease payments made. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment of whether it will exercise an extension or a termination option

l). Inventories
Inventories are valued as follows:

Raw materials, and components, stores and spares	Lower of cost or net realisable value. Cost represents purchase price and other direct costs and is determined on a moving weighted average basis that have been incurred in bringing the inventories to their present location and condition. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Goods in transit are valued at cost.
Work-in-progress	Lower of cost or net realisable value. Cost for this purpose includes material, labour and appropriate allocation of overheads. Cost is determined on a weighted average basis.
Finished Goods: - Manufactured - Traded	Lower of cost or net realisable value. Cost for this purpose includes material, labour and appropriate allocation of overheads. Cost is determined on a weighted average basis. Lower of cost or net realisable value. Cost represents purchase price and other direct costs and is determined on a moving weighted average cost basis.
Scrap	At lower of cost or net realisable value.

Notes to the Consolidated Financial Statements for the year ended 31 March 2026

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. Provision for obsolescence is determined based on management's assessment and is charged to Consolidated Statement of Profit and Loss.

m) Revenue Recognition

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. A performance obligation is a promise in a contract to transfer a distinct good (or a bundle of goods) to the customer and is the unit of account in Ind AS 115. A contract's transaction price is allocated to each distinct performance obligation and recognised as revenue, as or when, the performance obligation is satisfied. The Group recognises revenue when it transfers control of a product to a customer. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payments and excludes tax and duties collected on behalf of the government. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved.

The Group recognises revenue from the following major sources:

i) Sale of products

Revenue from sale of products is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. It is measured at fair value consideration received or receivable, net of returns and allowances, trade discounts and volume rebates. The Group recognises revenue when it transfers control over a product to a customer i.e. when goods are delivered at the delivery point, as per terms of the agreement, which could be either customer premises or carrier premises who will deliver goods to the customer. When payments received from customers exceed revenue recognised to date on a particular contract, any excess (a contract liability) is reported in the consolidated Balance Sheet under other current liabilities.

Satisfaction of performance obligations

The Group's revenue is derived from the single performance obligation to transfer primarily products under arrangements in which the transfer of control of the products and the fulfilment of the Group's performance obligation occur at the same time. Revenue from the sale of goods is recognised when the Group has transferred control of the goods to the buyer and the buyer obtains the benefits from the goods, the potential cash flows and the amount of revenue (the transaction price) can be measured reliably, and it is probable that the Group will collect the consideration to which it is entitled to in exchange for the goods.

Whether the customer has obtained control over the asset depends on when the goods are made available to the carrier or the buyer takes possession of the goods, depending on the delivery terms. For the Group, generally the criteria to recognise revenue has been met when its products are delivered to its customers or to a carrier who will transport the goods to its customers, this is the point in time when the Group has completed its performance obligations. Revenue is measured at the transaction price of the consideration received or receivable, the amount the Group expects to be entitled to.

Payment terms

The sale of goods is typically made under credit payment terms differing from customer to customer and ranges between 30-90 days.

Variable considerations associated with such sales

Periodically, the Group launches various volume or other rebate programs where once a certain volume or other conditions are met, it gives the customer as volume discount some portion of the amounts previously billed or paid. For such arrangements, the Group only recognises revenue for the amounts it ultimately expects to realise from the customer. The Group estimates the variable consideration for these programs using the most likely amount method or the expected value method, whichever approach best predicts the amount of the consideration based on the terms of the contract and available information and updates its estimates each reporting period.

ii) Interest:

Interest income is recorded on accrual basis using the effective interest rate (EIR) method.

iii) Management Support Income:

Income from management support charges is recognised as per the terms of the agreement based upon the services completed.

Notes to the Consolidated Financial Statements for the year ended 31 March 2026**iv) Export Incentives:**

Export entitlements/incentives are recognized in the Consolidated Statement of Profit and Loss when the right to receive credit as per the terms of the scheme is established in respect of exports made.

n) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds

A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. Capitalisation of borrowing costs is suspended in the period during which the active development is delayed due to, other than temporary interruption.

o) Foreign Currency Transactions

Foreign currency transactions are recorded in the functional currency, by applying to the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transactions.

Exchange differences arising on such conversion and settlement at rates different from those at which they were initially recorded, are recognized in the Consolidated Statement of Profit and Loss in the year in which they arise.

p) Employee benefits

Employee benefits includes provident fund, National Pension Scheme (NPS), gratuity, compensated absences and bonus/ex-gratia.

i. Post-employment benefits**(a) Defined contribution plan:**

- **Provident fund**

The Group offers its employees State governed provident fund linked with employee pension scheme as defined contribution plans. The contribution paid/ payable under the scheme is recognized during the period in which the employee renders the related service.

- **National Pension Scheme**

The Group makes specified monthly contributions towards national pension scheme to government administered scheme which is a defined contribution plan. The Group's contribution is recognised as an expense in the consolidated statement of profit and loss during the period in which the employee renders the related service.

(b) Defined benefit plan:

For defined benefit retirement benefit plans (i.e. gratuity), the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses and return on plan assets, is reflected immediately in the consolidated balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service costs are recognized in profit or loss on the earlier of the date of the plan amendment or curtailment, and the date that the group recognizes related restructuring costs.

Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined benefit costs are categorized as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements) and
- net interest expense or income; and
- re-measurement

Notes to the Consolidated Financial Statements for the year ended 31 March 2026

The Group presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

The liability or asset recognised in the consolidated balance sheet in respect of gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

(c) **Other long term employee benefits:**

Long term liability for compensated absences is determined in accordance with Group policy and is measured on the basis of valuation by an independent actuary at the end of the financial year. The actuarial valuation is done as per projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the consolidated statement of profit and loss in the year in which such gains or losses are determined.

ii. **Short term Employee Benefits**

All employee benefits falling due wholly within twelve months of rendering the service are classified as short-term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, and ex-gratia are recognized in the period the related service is rendered at undiscounted amount of benefits expected to be paid in exchange for that service.

The cost of short-term compensated absences is accounted as under:

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

q) Voluntary Retirement Scheme

Expenditure on Voluntary Retirement Scheme (VRS) is charged to the consolidated Statement of Profit and Loss when incurred.

r) Income Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income tax Act, 1961.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside the consolidated Statement of Profit and Loss is recognised outside the consolidated statement of profit or loss (either in other comprehensive income or in equity).

s) Earnings per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

t) Provisions, contingent liabilities and contingent assets

Provisions are recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow

Notes to the Consolidated Financial Statements for the year ended 31 March 2026

of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are discounted to their present values, where the time value of money is material. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Provisions are discounted to their present values, where the time value of money is material.

Any reimbursement that the Group can be virtually certain to collect from a third party with respect to the obligation is recognised as a separate asset. However, this asset may not exceed the amount of the related provision.

All provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

In cases where the outflow of economic resources as a result of present obligations is considered improbable or remote, no provision is recognised.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Group or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised. However, when inflow of economic benefits is probable, related asset is disclosed.

u) Cash and Cash Equivalents

Cash and cash equivalent comprise cash at banks and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

v) Statement of Cash Flows

Consolidated Statement of Cash Flows is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

(a) transactions of a non-cash nature;

(b) any deferrals or accruals of past or future operating cash receipts or payments and,

(c) all other items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents are reflected as such in the Consolidated Statement of Cash Flows and excludes balances which are not available for general use as on the date of Consolidated Balance Sheet are also included under this category with a specific disclosure. The interest received and income from mutual fund has been considered as investing activity for the purpose of Consolidated Statement of Cash Flows.

w) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The board of directors assess the financial performance and position of the Group, and makes strategic decisions and therefore the board would be the chief operating decision maker or CODM, within the meaning of Ind AS 108. The CODM evaluates the Group's performance and allocates resources based on the dominant source, nature of product and nature of risks and returns.

x) Significant management judgement in applying accounting policies and estimation uncertainty

In the application of the Group's accounting policies, which are described above, the Management of the Group are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Notes to the Consolidated Financial Statements for the year ended 31 March 2026

Significant management judgements

Classification of leases – The Group enters into leasing arrangements for certain assets. The classification of the leasing arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the reporting period, that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below:

Impairment of financial assets – At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding financial assets.

Provisions and Contingencies – The Group is the subject of certain legal, tax (direct and indirect taxes) and other regulatory matters which are pending in various jurisdictions. Due to the uncertainty inherent in such matters, it is difficult to predict the final outcome of such matters. The cases and claims against the Group often raise difficult and complex factual and legal issues, which are subject to many uncertainties, including but not limited to the facts and circumstances of each particular case and claim, the jurisdiction and the differences in applicable law. In the normal course of business, management consults with legal counsel and certain other experts on matters related to litigation and taxes. The Group accrues a liability when it is determined that an adverse outcome is probable and the amount of the loss can be reasonably estimated.

At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Group assesses the requirement of provisions against the outstanding litigations referred above. However, the actual future outcome may be different from this judgement.

Useful lives of depreciable/amortisable assets – Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of these assets.

Defined benefit obligation (DBO) – Management's estimate of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

32. Fair value disclosures
i) Fair values hierarchy

Financial assets and financial liabilities measured at fair value in Balance sheet are classified into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

ii) Investment in equity shares are being carried at fair value through profit and loss . The fair values of the unquoted investment in shares of Vyshali Energy Private Limited approximates the cost of the shares.

iii) Fair value of instruments measured at amortised cost

Cash and cash equivalents, loans, trade receivables, investments in compulsorily convertible debentures, other current financial assets, trade payables and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- The fair values of investments are determined by using discounted cash flow method using the appropriate discount rate. The discount rate is determined using other similar instruments incorporating the risk associated.
- Security deposits given to government authorities are shown at cost as the same are given till perpetuity.

ii) Risk management

The Group's activities expose it to credit risk, liquidity risk and market risk. The Group's board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the consolidated financial statements.

A) Credit risk

Credit risk is the risk that a counterparty fails to discharge an obligation to the Group. The Group is exposed to this risk for various financial instruments, for example receivables from customers, placing deposits, etc. The Group's maximum exposure to credit risks is limited to the carrying amount of following types of financial assets.

- cash and cash equivalents,
- trade receivables,
- margin money kept with banks, and
- other financial assets.

a) Credit risk management

The Group assesses and manages credit risk based on internal credit rating system, continuously monitoring defaults of customers and other counterparties, identified either individually or by the Group, and incorporates this information into its credit risk controls. Internal credit rating is performed for each class of financial instruments with different characteristics. The Group assigns the following credit risks to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

A: Low

B: Medium

C: High

Assets under credit risk –

Credit risk		As at 31 March 2025	As at 31 March 2024
A: Low	Cash and cash equivalents	82,925.92	61,016.53
	Other financial assets	3,067.63	3,314.79
	Trade receivables (considered good)	26,643.74	33,260.36
B: High	Trade receivables (significant increase in credit risk)	563.93	621.73

Cash and cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks across the country.

Trade receivables

The Group closely monitors the credit-worthiness of the customers through internal systems that are configured to define credit limits of customers, thereby, limiting the credit risk to pre-calculated amounts. The Group assesses increase in credit risk on an ongoing basis for amounts receivable that become past due and default is considered to have occurred when amounts receivable become six months past due.

Other financial assets measured at amortised cost

Other financial assets measured at amortized cost includes security deposits, export incentive receivables and others (including advances to employees). Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

Notes to the Consolidated Financial Statements for the year ended 31 March 2026

(All amounts in ₹ Lakhs, unless otherwise stated)

b) Expected credit losses

The Group provides for expected credit losses based on the following:

The Group recognizes expected credit losses on trade receivables using a simplified approach, wherein Group has defined percentage of provision by analysing historical trend of default and adjusted for forward-looking information. Allowance for expected credit loss has been created based on the past experience of the Group. Wherever required, past trend is adjusted to reflect the effects of the current conditions and forecasts of future conditions that did not affect the period on which the historical data is based, and to remove effects of the conditions in the historical period that are not relevant to the future contractual cash flows.

Considering ongoing Russia-Ukraine crisis, during the previous year the Group has provided for doubtful recovery of ₹ 195.58 Lakhs in respect of amount recoverable from the related party though confident of ultimate recovery in due course. In respect of trade receivable balances from other related parties, there are no indicators at the period end for default in receipt of payments. Accordingly, the Group does not anticipate risk of recovery and expected credit loss in respect thereof.

Reconciliation of loss allowance – Expected credit losses

	Trade receivables
Loss allowance as at 01 April 2024	549.45
Impairment loss recognised during the year	21.08
Amounts written off/reversals	(49.45)
Loss allowance as at 31 March 2025	521.08
Impairment loss recognised during the year	37.05
Amounts written off/reversals	5.80
Loss allowance as at 31 March 2026	563.93

B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Group maintains flexibility in funding by maintaining availability under committed facilities.

Management monitors rolling forecasts of the Group's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Group takes into account the liquidity of the market in which the entity operates. In addition, the Group's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans."

Maturities of financial liabilities

The tables below analyses the Group's financial liabilities into relevant maturity classification based on their contractual maturities for all non-derivative financial liabilities.

The amounts disclosed in the table are the contractual undiscounted cash flows. For balances due within 12 months amounts equal their carrying values as the impact of discounting is not significant.

C) Market risk

a) Foreign currency risk

The Group is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US Dollar, Euro, Great Britain Pound, Japanese Yen, Chinese Yuan, Australian Dollar and Swedish Krona. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the functional currency of the Group. Considering the low volume of foreign currency transactions, the Group's exposure to foreign currency risk is limited and the Group hence does not use any derivative instruments to manage its exposure. Also, the Group does not use forward contracts and swaps for speculative purposes.

(i) Foreign currency risk exposure:

The Group's exposure to foreign currency risk at the end of the reporting period are as follows:

b) Interest rate risk

i) Liabilities

The Group does not have any outstanding borrowings amount and hence there is no interest rate risk.

ii) Assets

The Group's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

c) Price risk

The Group does not have any significant investments in equity instruments which create an exposure to price risk.

34. Capital management

The Group's capital management objectives are

- to ensure the Group's ability to continue as a going concern
- to provide an adequate return to shareholders

The Group monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of consolidated balance sheet.

Management assesses the Group's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Group's various classes of debt. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

The table below provides details regarding the contractual maturities of lease liabilities of non-cancellable contractual commitments as on an undiscounted basis.

	As at 31 March 2026	As at 31 March 2025
Less than one year	106.50	216.81
One to five years	-	106.50
More than five years	-	-

The Group does not face any significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

The following are the amounts recognised in Consolidated Profit and Loss:

	Year ended 31 March 2026	Year ended 31 March 2025
Depreciation charge of right-of-use assets (included in depreciation and amortisation expense)	178.38	168.73
Interest expense on lease liabilities (included in finance cost)	16.98	28.82
Rent expense relating to short-term leases (included in other expenses)	114.02	36.85
	309.38	234.40

Travelling and conveyance expense includes car lease rentals amounting to ₹ 152.95 Lakhs (previous year ₹ 140.04 Lakhs) which are cancellable at any point in time at the option of the lessee and has been considered as short term lease by the Group.

(ii) Lease related disclosures

(a) The Group has leases for land, buildings, vehicles and office equipment.. With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. The Group classifies its right-of-use assets in a consistent manner to its Land, buildings and Office equipment.

(b) Total cash outflow for leases (including short term and low value leases) for the year ended 31 March 2026 was ₹ 483.78 Lakhs (31 March 2025 ₹ 374.52 Lakhs).

(c) The Group has short term lease agreements in which there are no lock in periods. The disclosure requirement related to total commitment of short term leases is thus not applicable to the group.

(d) Information about extension and termination options

Right of use assets	Number of leases	Range of remaining term	Average remaining lease term	Number of leases with extension option	Number of leases with purchase option	Number of leases with termination option
Land	2	69-70 Years	69 Years	1	-	1
Buildings	1	8 months	8 months	1	-	1

(e) There are no leases which are yet to commence as on 31 March 2026.

Notes to the Consolidated Financial Statements for the year ended 31 March 2026

(All amounts in ₹ Lakhs, unless otherwise stated)

40. Employee benefit obligations
(a) Defined contribution plan

The Group has recognised the following amount in the Consolidated Statement of Profit and Loss:

	Year ended 31 March 2025	Year ended 31 March 2024
Employers' contribution to:		
Provident fund	1,564.77	1,581.94
National Pension Scheme (NPS)	87.94	84.82

(b) Defined benefits plans

The Group has a defined benefit gratuity plan. Every employee who has completed five years or more of services, gets a gratuity on departure at 15 days basic salary (last drawn) for each completed year of service on terms not less favourable than the provisions of the payment of Gratuity Act, 1972. The scheme is funded with an insurance company in the form of a qualifying insurance policy.

The following tables summaries the components of net benefit expense recognized in the Consolidated Statement of Profit and Loss and the funded status and amounts recognised in the balance sheet for the plan.

The plan typically expose the Company to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.

Investment risk	The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.
Interest risk	A decrease in the bond interest rate will increase the plan liability.
Longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of the plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Disclosure of gratuity
(i) Amount recognised in the Consolidated Statement of Profit and Loss is as under:

	Year ended 31 March 2026	Year ended 31 March 2025

Fair valuation of plan assets	9,397.00	9,845.71
	2,219.03	631.00

(v) Risk exposure

i) Changes in discount rate

A decrease in discount yield will increase plan liabilities.

ii) Mortality table

The gratuity plan obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in plan liabilities.

iii) Salary increase

Actual salary increase will increase the plan's liabilities. Increase in salary rate assumption in future valuation will also increase the valuation.

* For Patiala unit workers joined before 2005 and for Bengaluru unit workers its 60 years and for others its 58 years. The estimates of seniority, future salary increases, considered in actuarial valuation, take account of price inflation, promotions and other relevant factors, such as supply and demand in the employment market.

Rate of employee turnover and salary increase depends upon various factors namely nature of employee, location etc.

(viii) A quantitative sensitivity analysis for significant actuarial assumptions is given as:

	As at 31 March 2026	As at 31 March 2025
Impact of the change in discount rate on liability- increase/(decrease)		
- Impact due to increase of 0.50 %	(337.36)	(287.12)
- Impact due to decrease of 0.50 %	348.70	306.13
Impact of the change in salary on liability- increase/(decrease)		
- Impact due to increase of 0.50 %	355.90	292.27
- Impact due to decrease of 0.50 %	(319.49)	(291.20)

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The following payouts are expected in future years:

	As at 31 March 2026
Year 1	1,617.91
Year 2	1,132.74
Year 3	1,352.30
Year 4	1,850.81
Year 5	1,326.24
Next 5 years	6,410.37

41. Revenue related disclosures

a Revenue from Contracts with Customers

Indian Accounting Standard 115 Revenue from Contracts with Customers ("Ind AS 115"), establishes a framework for determining whether, how much and when revenue is recognised and requires disclosures about the nature, amount, timing and uncertainty of revenues and cash flows arising from customer contracts. Under Ind AS 115, revenue is recognised through a 5-step approach:

- (i) Identify the contract(s) with customer;
- (ii) Identify separate performance obligations in the contract;
- (iii) Determine the transaction price;
- (iv) Allocate the transaction price to the performance obligations; and
- (v) Recognise revenue when a performance obligation is satisfied.

b Disaggregation of revenue

Revenue recognised mainly comprises of sale of products which majorly comprises of piston, piston rings and other automotive components. Set out below is the disaggregation of the Group's revenue from contracts with customers:

	Year ended 31 March 2026	Year ended 31 March 2025

g Satisfaction of performance obligations

The Group's revenue is derived from the single performance obligation to transfer primarily its products under arrangements in which the transfer of control of the products and the fulfilment of the Group's performance obligation occur at the same time. Revenue from the sale of goods is recognized when the Group has transferred control of the goods to the buyer and the buyer obtains the benefits from the goods, the potential cash flows and the amount of revenue (the transaction price) can be measured reliably, and it is probable that the Group will collect the consideration to which it is entitled to in exchange for the goods.

Whether the customer has obtained control over the asset depends on when the goods are made available to the carrier or the buyer takes possession of the goods, depending on the delivery terms. Revenue is measured at the transaction price of the consideration received or receivable, the amount the Group expects to be entitled to.

h Payment terms

The sale of goods is typically made under credit payment terms differing from customer to customer and ranges between 30-90 days (excluding transit period).

Notes to the Consolidated Financial Statements for the year ended 31 March 2026

(All amounts in ₹ Lakhs, unless otherwise stated)

i Variable considerations associated with such sales

Periodically, the Group announces various volume and other rebate programs, where once a certain volume or other conditions are met, it refunds the customer some portion of the amounts previously billed or paid. For such arrangements, the Group only recognizes revenue for the amounts it ultimately expects to realize from the customer. The Group estimates the variable consideration for these programs using the most likely amount method or the expected value method, whichever approach best predicts the amount of the consideration based on the terms of the contract and available information and updates its estimates each reporting period.

42. As per records maintained by the Group, there are no charges which are pending to be registered with Registrar Of Companies (ROC). Further, in respect of credit facilities availed and settled in earlier years to the extent of ₹ 16,388.07 Lakhs (previous year ₹ 13,938.07 Lakhs), satisfaction of charges are yet to be registered with ROC beyond the statutory period. The Group is taking necessary steps for rectifying of ROC records in respect of the same.

43. Provision for contingencies

The Company is involved in certain legal, tax (direct and indirect taxes) and other regulatory matters ('litigations'), the outcome of which may not be favourable to the Company. The Company is actively seeking to resolve these actual and potential statutory, taxation and regulatory matters. Management is in consultation with the legal, tax and other advisers to assess the likelihood that a pending claim will succeed. The Company has applied its judgement and has recognised liabilities based on whether additional amounts will be payable and has included contingent liabilities where economic outflows are considered possible but not probable. Based on management assessment on likelihood, timing of cash outflows (current/non-current), interpretation of local laws, pending disposal of these matters and consultations obtained from the management experts, where considered necessary in respect of these matters, the management has recognised for provision for contingencies towards legal, tax and other regulatory matters amounting to ₹ 360.24 Lakhs as at 31 March 2026 (previous year: ₹ 576.68 Lakhs).

44. Management support charges

During the financial year 2025-26, the Company has paid the management support charges under the networking fee model to Federal-Mogul Powertrain LLC amounting ₹ 3,374.28 Lakhs, (previous year ₹ 3,026.06 Lakhs). These charges are paid to availment of centralised services pertaining to all the products of the Company and, inter-alia, include Technical Support, Operations Management, Applications Engineering, Global Executive Management Services, Purchasing, Key Accounts Sales Management.

45. As per transfer pricing legislation under sections 92-92F of the Income Tax Act, 1961, the Group is required to use certain specific methods in computing arm's length prices of international transactions with associated enterprises and maintain adequate documentation in this respect. Since law requires existence of such information and documentation to be contemporaneous in nature, the Group has appointed independent consultants for conducting a Transfer Pricing Study (the 'Study') to determine whether the transactions with associate enterprises undertaken during the financial year are on an "arms length basis". Management is of the opinion that the Group's international transactions are at arm's length and that the results of the on-going study will not have any impact on the consolidated financial statements and the independent consultants appointed have also preliminarily confirmed that they do not expect any transfer pricing adjustments.
46. During the earlier years, Tenneco Inc. (USA) (the Ultimate Holding Company till 16 November 2022 and intermediate holding company w.e.f. 17 November 2022) had granted certain share-settled restricted stock units (RSUs) to an eligible employee of the Group which vest on the grant date.

RSUs are time-based service awards and generally vest according to a three-year graded vesting schedule. One-third of the award will vest on the first anniversary of the grant date, one-third of the award will vest on the second anniversary, and one-third of the award will vest on the third anniversary.

During the earlier years, all the common stock of Tenneco Inc. (USA) got delisted from New York Stock Exchange effective 17 November 2022 and each of the Tenneco's outstanding awards of RSUs which were subject solely to service-based vesting conditions at such date have become fully vested and stood cancelled in exchange for the right to receive an equivalent amount in cash (subject to tax deducted at source). All the outstanding RSUs at such effective date have been settled in cash by Tenneco Inc. at price of USD 20 per RSUs. In terms of understanding reached, the Group had paid ₹302.18 Lakhs to the eligible employee of the Group and recovered the same from group company.

Notes to the Consolidated Financial Statements for the year ended 31 March 2026

(All amounts in ₹ Lakhs, unless otherwise stated)

Further, in the earlier years, the Group had recognized share-based payment amounting ₹419.52 Lakhs (including amount of ₹252.85 Lakhs pertaining to period prior to 31st march 2022 determined by the management on the basis of graded vesting schedule) as an expense under employee benefit expense with a corresponding credit to Other equity as Deemed capital contribution (refer note 12).

- Installation of smart meters being initiated
- Initiated phased wise replacement of IE2 motors to IE5 motors
- Monitoring of energy, power factor and controlling to save energy
- LED lighting system as a part of energy conservation program was fully completed
- Installed Air reservoirs for supporting the compressor
- Initiated purchase of compressed air energy efficient nozzles, that were installed at manufacturing operations to reduce the load on compressors
- Daylight system was made available in the plant
- Overall improvement of power factor by adding capacitor banks (Target of 0.99)
- The machines being sent for refurbishment were checked for its energy consumption patterns and accordingly the devices were replaced with latest technology, resulting in reduction of consumption of electricity in manufacturing process
- Upgradation of STP, ETP and ACWTP completed for conservation of energy
- Conservation of energy by installing thyristor drivers in heat treatment furnaces
- Energy saving logics are introduced in machines, which switches off the hydraulics or the machines during the idle times
- Variable frequency drives (VFD's) were installed to higher capacity motors to reduce energy consumption
- Relay outing of the machines to isolate the usage of deducting units consuming high energy and isolation of such devices
- Initiated compressor excess air leakage by installation of Air Management System (AMS)
- Temperature cut-off is present and maintained for the water bath and degreasing
- Upgradation of substation incoming transformer to reduce internal loss and transformers are well maintained with periodic checks
- Installed Nitrogen injected fire protection system (NIFPS) for main distribution transformer
- Replacing outdated distribution panel with upgraded version across the campus in a phased manner outdated main transformer control panel was replaced with enhanced safety system
- Installing energy efficient electrical appliances like AC's, Fan, Coolers, Chillers, AHU. etc., Replacement of old AC with five-star rating AC. Switching off lights/ fans/ Motors/ compressors during interval time
- Initiated regular audit of compressed air leakages points, implementation and inhouse monitoring
- Electrical power system improvement which results in reduction in breakdown and reduced working of DG, thus, saving in High Speed Diesel (HSD) costs
- Continuously maintaining of Plant power factor > 0.995, thus, saving in electricity and reducing the cost
- Replaced old capacitor panel of Steel Rings with APFC panel
- Initiated motion sensors on Gangway, worker locker room, washroom lights, maintenance area, production supervisor cabin, cropping machine cell etc.

FEDERAL-MOGUL TPR (INDIA) LIMITED

- Effective shut down program during 'No Part order/ breaks/ weekend'
- PLC programming is done to enable sleep mode or power off on 15 Honing machines
- Manual shut off valves provided for compressed air line
- Replaced old relay logic electrical panels with PLC logic
- Kerosene elimination in process by using servo cut GR oil
- Wet scrubber installation for surface treatment exhaust (fumes)
- Replaced water cooling tower with refrigerant cooling
- PLC programming is done to enable sleep mode or power off on 15 side grinding machines
- Installation of new surface treatment in plant resulting in energy saving
- Installed Nitrex furnace for the nitriding process to save power and gas.

b) The steps taken by the company for utilizing alternate sources of energy:

- The facility uses 97% of Wheeling Energy (Wind/ Hydro/ Solar) resulting in reduction of GHG gases
- The facility is upgraded for PNG from traditional LPG
- Optimum usage of natural roof lighting in the shopfloor
- Green building concept by installing day sky lights, glass window in offices for lights and good ventilation system for natural lights to reduce power usage
- The CO2 extinguishers at the facility has been changed to Water mist fire extinguisher resulting in reduction in GHG emissions

d) Impact of the above measures

The above measures has resulted in reduction in energy consumption, saving in power cost, productivity improvement and reduction in environmental load.

B. TECHNOLOGY ABSORPTION

i) The efforts made towards technology absorption:

- a. Thermography audits conducted on find out electrical leakages in electrical systems.
- b. Replacing of outdated switch gears with new technology switch gears.
- c. Upgradation of outdated contactors type electrical control machine panel to PLC logic type electrical control panel.
- d. Installed Nitrogen injected fire protection system (NIFPS) for main distribution transformer.

The customers are demanding optimized weight, friction reduction & enhanced durability designs, the Company has successfully applied the following Global technologies:

1. Eliminating Nitriding furnace with Nitrex furnace – German Technology
2. Pre-profiled wire – German Technology
3. PVD Coating – Japanese Technology
4. RMR and Axial brushing – German Technology
5. Elimination of Kerosene

ii) Benefits derived like product improvement, cost reduction, product development or import substitution

- New orders for rings
- Cost cutting on consumables
- Quality improvement
- Scrap Reduction in few segments
- Production and revenue increase
- Introduction of new products in the market

- Better performance in terms of emission outputs, fuel consumption and lube oil consumption
- Development of new businesses
- Customer satisfaction

iii) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year)-

- Details of technology imported – refer table below
- Year of import – refer table below,
- Whether the technology been fully absorbed - Yes
- If not fully absorbed, areas where absorption has not taken place, and the reasons thereof – NA

3. Import of Technology for the last 5 years:

Technology	Imported from	Year of Import	Status
Eliminating Nitriding furnace with Nitrex furnace	Germany	2022	Implemented
Pre-profiled wire	Germany	2022	Implemented
PVD Coating	Japan	2017	Implemented
RMR and Axial brushing	Germany	2022	Implemented
Elimination of Kerosene	India	2022	Implemented
Carboglide	India	2022	Implemented
MSA	Japan	2022	Implemented
Orientation machine	India	2022	Implemented
Orientation conformation	Germany	2022	Implemented

4. The expenditure incurred on Research and Development (R&D): Rs. 15,00,000 lacs

C. FOREIGN EXCHANGE EARNINGS & OUTGO

1. Foreign exchange earned: Rs. 0.04 lacs

2. Foreign exchange utilized: Rs. 2,318.04 lacs

5. TPR plant improvement and cost/energy savings:

- All gap sizing machines coolant valve communizing each machine were replaced to single valve instead of 2 valves.
- Side rail section fan and lighting connection separation was completed and provided separate control to switch off in the morning.
- De-dusting unit interlock with machine controlled idle time such that it the equipment shall turn off, if the machine is idle for 10 minutes.
- All hydraulic interlock with PLC shall turn off, if the machine is idle.
- For PVD furnace cooling tower was replaced with the air-cooled condenser unit. It shall reduce water, electricity consumption and maintenance cost.
- The Furnace conductor-based control system was replaced with Thyristor based unit.

**ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY ("CSR") ACTIVITIES FOR
THE FINANCIAL YEAR 2025-26**

1. A brief outline of the Company's CSR policy, including overview of the projects or programs undertaken and proposed to be undertaken

We believe we must live up to our responsibilities, honour our commitments and be accountable to those we serve and to the communities in which we operate. The bond between community and business is symbiotic and mutually advantageous; one cannot exist effectively without the other. We are driven to strengthen that relationship through our responsible management approach to the benefit of all of our stakeholders. We also want to have a positive impact locally – making connections with those in every city where we have employees and operations – and giving back in meaningful ways based on local needs.

Our social investment programs focus on five areas where we believe we can add the most value and make a significant and lasting impact.

- **Preventive Health care** – To directly and indirectly improve the health of fellow citizens, especially the socially and economically marginalized groups by working actively in areas of preventive health and sanitation and making available safe drinking water.
- **Employment Enhancing Vocational Skills** – The biggest challenge that the Industry is facing today is the availability of trained and skilled Manpower. Industries see this as a major bottleneck in their expansion plans. They also face challenges to maintain the desired output and quality due to lack of availability of skilled manpower. We plan to launch series of programmes to provide technical and vocational training with an ultimate aim of creating world class skilled work force and making the potential employees 'Job Ready' before they embark upon their professional career.
- **Women Empowerment** – Equip people, particularly women, with skills and resources to build a better future for themselves.

The CSR activities are taken up primarily in and around areas of Company's location, within a radius of 15-30 Km.

Independent Auditor's Report

To The Members of Federal-Mogul TPR (India) Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Federal-Mogul TPR (India) Limited (the "Company"), which comprise the Balance Sheet as at 31 March 2026, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, its profit and other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA's") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material

FEDERAL-MOGUL TPR (INDIA) LIMITED

misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for not keeping backup on a daily basis of such books of account maintained in electronic mode in a server physically located in India {refer Note 44(i) to the financial statements} and not complying with the requirement of audit trail as stated in (i)(vi) below.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31 March 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) The modifications relating to the maintenance of accounts and other matters connected therewith, are as stated in paragraph (b) above.
 - g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 30 to the financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses - Refer Note 44 (n) to the financial statements.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company - Refer Note 44 (j) to the financial statements.
- iv. iv.(a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the note 44 (l) to the financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the note 44 (m) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11 (e), as provided under (a) and (b) above, contain any material misstatement.
- v. The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Act, as applicable.
- As stated in note 29 to the financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. Such dividend proposed is in accordance with section 123 of the Act, as applicable.
- vi. Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the financial year ended 31 March 2026 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems except that the feature of recording audit trail (edit log) facility was not enabled at the database level to log any direct data changes {Refer Note 44(o) to the financial statements}.
- Additionally, the audit trail that was enabled and operated, has been preserved by the Company as per the statutory requirements for record retention, as stated in Note 44 (o) to the financial statements.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(g) under 'Report on Other Legal and Regulatory Requirements' section of our report on the financial statements for the year ended 31 March 2026 to the Members of Federal-Mogul TPR (India) Limited of even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls with reference to financial statements of Federal-Mogul TPR (India) Limited (the "Company") as at 31 March 2026 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31 March 2026, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

FEDERAL-MOGUL TPR (INDIA) LIMITED

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report on the financial statements for the year ended 31 March 2026 to the Members of Federal-Mogul TPR (India) Limited of even date]

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, capital work-in-progress and relevant details of right-of-use assets.
(B) As the Company does not hold any intangible assets, reporting under clause 3(i)(a)(B) of the Companies (Auditor's Report) Order, 2020 ('the Order') is not applicable
- (b) The Company has a program of verification of property, plant and equipment, capital work- in-progress and right-of-use assets so to cover all the items once every 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, no such assets were due for physical verification during the year. Since no physical verification of property, plant and equipment was due during the year the question of reporting on material discrepancies noted on verification does not arise.
- (c) The Company does not have any immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) and hence reporting under clause 3(i)(c) of the Order is not applicable.
- (d) The Company has not revalued any of its property, plant and equipment (including Right-of-Use-assets) during the year. The Company does not have any intangible assets.
- (e) No proceedings have been initiated during the year or are pending against the Company as at 31 March 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii)(a) The inventories except for goods-in-transit, were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. In respect of goods in transit, the goods have been received subsequent to the year end. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories, when compared with the books of account.
(b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from banks on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the statements containing stocks and book debts, etc. filed by the Company with the bank are in agreement with the unaudited books of account of the Company, of the respective quarters. The Company has not been sanctioned any working capital facility from the financial institutions.
- (iii) The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause 3(iii) of the Order is not applicable.
- (iv) The Company has not granted any loans, made investments or provided guarantees or securities and hence reporting under clause 3(iv) of the Order is not applicable.
- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) In respect of statutory dues:

- (a) Undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities. Sales tax, Service tax, duty of Excise and Value Added Tax are not applicable to the Company.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, cess and other material statutory dues in arrears as at 31 March 2026 for a period of more than six months from the date they became payable.

- (b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on 31 March 2026 on account of disputes are given below:

Name of the statute	Nature of dues	Amount (₹ in lacs)*	Period to which the amount relates (Financial year)	Forum where dispute is pending
The Income-tax Act, 1961	Tax deducted at source (TDS)	10.71	2007-08 to 2012-13 and 2023-24 to 2024-25	Deputy Commissioner (TDS)
Central Sales Tax Act, 1956	Central Sales Tax	3.02	2014-15	Assistant Commissioner (Appeals)

*Amounts as per demand orders including interest and penalty wherever quantified in the Order.

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income-tax Act, 1961 (43 of 1961) during the year.
- (ix) (a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause 3(ix)(a) of the Order is not applicable to the Company.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause 3(ix)(e) of the Order is not applicable.
- (f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- (x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

FEDERAL-MOGUL TPR (INDIA) LIMITED

- (xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
(b) We have considered the internal audit reports issued to the Company till date, for the period under audit.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
(b) The Group does not have any CIC as part of the group and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

Notes to the Financial Statements for the year ended 31 March 2026
1. General information

Federal-Mogul TPR (India) Limited (the 'Company') is a public limited company incorporated and domiciled in India.

The registered office of the Company is DLF Prime Towers, 10 Ground Floor, F-79 & 80, Okhla Phase- I, New Delhi – 110020.

At the year end, 51% of the shares of the Company are held by Federal-Mogul Goetze (India) Limited, 40% held by Teikoku Piston Ring Co. Ltd and 9% held by Federal Mogul UK Investments Limited, fellow subsidiary of the company. The Company is a subsidiary of Federal-Mogul Goetze (India) Limited.

The Company manufactures automotive components of four wheelers i.e. steel rings used in passenger vehicles automobiles. The Company also has technical collaboration with Teikoku Piston Ring Co. Ltd, Japan and Federal Mogul UK Investments Limited, a fellow subsidiary of the Company.

The financial statements for the year ended 31 March 2026 were authorized and approved for issue by the Board of Directors in their meeting held on 22 May 2026.

2.1 Statement of compliance with Ind AS

These financial statements ('financial statements') of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules 2015, as amended and other relevant provisions of the Act.

2.2 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.
2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.
3. Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively. Based on the current assessment, the Company does not expect a material financial impact from the application of the Pillar Two rules.

The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As at March 31, 2026, there are no new/revised standards that have been issued by the MCA but are not effective.

2.3 Material Accounting Policies
Basis of preparation of the financial statements

The financial statements have been prepared in accordance with the Ind AS and accounting principles generally accepted in India. Further, the financial statements have been prepared on historical cost basis except for certain financial assets and

FEDERAL-MOGUL TPR (INDIA) LIMITED

Notes to the Financial Statements for the year ended 31 March 2026

financial liabilities which are measured at fair values as explained in relevant accounting policies. Historical cost is generally based on the fair value of the consideration given in exchange of goods or services.

The financial statements have been prepared using the material accounting policies and measurement bases summarized below. These were used throughout all periods presented in the financial statements.

a) Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of its assets and liabilities.

b) Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the year. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Any revision to accounting estimates is recognised in the current and future periods.

c) Functional and presentation currency

These financial statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All financial information presented in Indian Rupees has been rounded to the nearest lakh (upto two decimals), except as stated otherwise.

d) Property, plant and equipment

Recognition and initial measurement

Property plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognised in statement of profit or loss as incurred.

Subsequent measurement (depreciation and useful lives)

Property, plant and equipment are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on property, plant and equipment is provided on the straight-line method ('SLM'), over the useful life prescribed in Schedule II to the Act or useful life determined based on technical evaluation and past trends, upto the estimated residual value of the depreciable assets, as follows:

Asset Class	Estimated useful life (in years)
Plant & Machinery	3 to 21 years
Computers	3 years
Furniture and fixtures and office equipments	10 years
Vehicles	8 Years

The residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

e) Capital work-in-progress

Capital work-in-progress includes assets pending installation and not available for intended use. Capital work-in-progress

Notes to the Financial Statements for the year ended 31 March 2026

are carried at cost, less any recognised impairment loss. Cost includes related acquisition expenses, development/ construction costs and other direct expenditure, if any.

f) Impairment of non-financial assets

At the end of each reporting period, the Company reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

g) Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the weighted average of difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Company is required to consider –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Other financial assets

In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Company uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Company compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

h) Financial instruments
Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value and except for trade receivables which are initially measured at transaction price. Subsequent measurement of financial assets and financial liabilities is described below.

Non-derivative financial assets
Subsequent measurement

I. Financial assets carried at amortised cost – a financial asset is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Notes to the Financial Statements for the year ended 31 March 2026

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Non-derivative financial liabilities

Subsequent measurement

- i) Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

- i) **Leases**

The Company as a lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using effective interest method) and by reducing the carrying amount to reflect the lease payments made. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

- i) **Inventories**

Inventories are valued as follows:

Raw materials, and components, stores and spares.	Lower of cost or net realisable value. Cost represents purchase price and other direct costs and is determined on a moving weighted average cost basis that have been incurred in bringing the inventories to their present location and condition. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Goods in transit are valued at cost.

Notes to the Financial Statements for the year ended 31 March 2026

Work-in-progress	Lower of cost or net realisable value. Cost for this purpose includes material, labour and appropriate allocation of overheads. Cost is determined on a weighted average basis.
Finished Goods: - Manufactured	Lower of cost or net realisable value. Cost for this purpose includes material, labour and appropriate allocation of overheads. Cost is determined on a weighted average basis.
Scrap	At lower of cost or net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. Provision for obsolescence is determined based on management's assessment and is charged to Statement of Profit and Loss.

k) Revenue recognition

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. A performance obligation is a promise in a contract to transfer a distinct good (or a bundle of goods) to the customer and is the unit of account in Ind AS 115. A contract's transaction price is allocated to each distinct performance obligation and recognised as revenue, as or when, the performance obligation is satisfied. The Company recognises revenue when it transfers control of a product to a customer. Revenue is measured at the amount of transaction price allocated to the performance obligation, taking into account contractually defined terms of payments and excludes tax and duties collected on behalf of the government. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved.

The Company recognises revenue from the following major sources:

Sale of products:

Revenue from sale of products is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. It is measured at amount of transaction price allocated to the performance obligation, net of returns and allowances, trade discounts and volume rebates. The Company recognises revenue when it transfers control over a product to a customer i.e. when goods are delivered at the delivery point, as per terms of the agreement, which could be either customer premises or carrier premises who will deliver goods to the customer. When payments received from customers exceed revenue recognised to date on a particular contract, any excess (a contract liability) is reported in the Balance Sheet under other current liabilities.

Satisfaction of performance obligations

The Company's revenue is derived from the single performance obligation to transfer primarily products under arrangements in which the transfer of control of the products and the fulfilment of the Company's performance obligation occur at the same time. Revenue from the sale of goods is recognised when the Company has transferred control of the goods to the buyer and the buyer obtains the benefits from the goods, the potential cash flows and the amount of revenue (the transaction price) can be measured reliably, and it is probable that the Company will collect the consideration to which it is entitled to in exchange for the goods.

Whether the customer has obtained control over the asset depends on when the goods are made available to the carrier or the buyer takes possession of the goods, depending on the delivery terms. For the Company, generally the criteria to recognise revenue has been met when its products are delivered to its customers or to a carrier who will transport the goods to its customers, this is the point in time when the Company has completed its performance obligations. Revenue is measured at the transaction price of the consideration received or receivable, the amount the Company expects to be entitled to.

Payment terms

The sale of goods is typically made under credit payment terms differing from customer to customer and ranges between 30-90 days.

Variable considerations associated with such sales

Periodically, the Company launches various volume or other rebate programs where once a certain volume or other conditions are met, it gives the customer as volume discount some portion of the amounts previously billed or paid. For such arrangements, the Company only recognises revenue for the amounts it ultimately expects to realize from the customer. The Company estimates the variable consideration for these programs using the most likely amount method or the expected value method, whichever approach best predicts the amount of the consideration based on the terms of the contract and available information and updates its estimates each reporting period.

Notes to the Financial Statements for the year ended 31 March 2026

Interest:

Interest income is recorded on accrual basis using the effective interest rate (EIR) method

l) Foreign currency transactions

Foreign currency transactions are recorded in the functional currency, by applying to the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transactions.

Exchange differences arising on such conversion and settlement at rates different from those at which they were initially recorded, are recognised in the Statement of Profit and Loss in the year in which they arise.

m) Employee benefits

Employee benefits includes provident fund, gratuity, compensated absences and bonus/ ex-gratia.

i. Post-employment benefits

(a) Defined contribution plans:

The Company offers its employees State governed provident fund linked with employee pension scheme as defined contribution plans. The contribution paid/ payable under the scheme is recognized during the period in which the employee renders the related service.

(b) Defined benefit plans:

For defined benefit retirement benefit plans (i.e. gratuity), the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service costs are recognized in profit or loss on the earlier of the date of the plan amendment or curtailment, and the date that the Company recognizes related restructuring costs.

Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined benefit costs are categorized as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements) and
- net interest expense or income; and
- re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

(c) Other long-term employee benefits

Long term liability for compensated absences is determined in accordance with company policy and is measured on the basis of valuation by an independent actuary at the end of the financial year. The actuarial valuation is done as per projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the statement of profit and loss in the year in which such gains or losses are determined.

ii. Short term Employee Benefits

All employee benefits falling due wholly within twelve months of rendering the service are classified as short-term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, and ex-gratia are recognized in the period the related service is rendered at undiscounted amount of benefits expected to be paid in exchange for that service.

The cost of short-term compensated absences is accounted as under:

Notes to the Financial Statements for the year ended 31 March 2026

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

n) Income taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income tax Act, 1961.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside Statement of Profit and Loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity).

o) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

p) Provisions, contingent liabilities and contingent assets

Provisions are recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are discounted to their present values, where the time value of money is material. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Provisions are discounted to their present values, where the time value of money is material.

Any reimbursement that the Company can be virtually certain to collect from a third party with respect to the obligation is recognised as a separate asset. However, this asset may not exceed the amount of the related provision.

All provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

In cases where the outflow of economic resources as a result of present obligations is considered improbable or remote, no provision is recognised.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised. However, when inflow of economic benefits is probable, related asset is disclosed.

q) Cash and cash equivalents

Cash and cash equivalent comprise cash at banks and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

r) Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

- (a) transactions of a non-cash nature;
- (b) any deferrals or accruals of past or future operating cash receipts or payments and,

**Notes to the Financial Statements for the year ended 31 March 2026**

- (c) all other items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents are reflected as such in the Statement of Cash Flows and excludes balances which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure. The interest received has been considered as investing activity for the purpose of Statement of Cash Flows.

s) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The board of directors assess the financial performance and position of the Company, and makes strategic decisions and therefore the board would be the chief operating decision maker or 'CODM, within the meaning of Ind AS 108. The CODM evaluates the Company's performance and allocates resources based on the dominant source, nature of product and nature of risks and returns.

t) Significant management judgement in applying accounting policies and estimation uncertainty

In the application of the Company's accounting policies, which are described above, the Management of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Significant management judgements

Classification of leases – The Company enters into leasing arrangements for certain assets. The classification of the leasing arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the reporting period, that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below:

Impairment of financial assets – At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding financial assets.

Provisions and Contingencies – The Company is the subject of certain legal, tax (direct and indirect taxes) and other regulatory matters proceedings which are pending in various jurisdictions. Due to the uncertainty inherent in such matters, it is difficult to predict the final outcome of such matters. The cases and claims against the Company often raise difficult and complex factual and legal issues, which are subject to many uncertainties, including but not limited to the facts and circumstances of each particular case and claim, the jurisdiction and the differences in applicable law. In the normal course of business, management consults with legal counsel and certain other experts on matters related to litigation and taxes. The Company accrues a liability when it is determined that an adverse outcome is probable and the amount of the loss can be reasonably estimated.

At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding regulatory and tax matters referred above. However, the actual future outcome may be different from this judgement.

Useful lives of depreciable assets – Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of these assets.

Defined benefit obligation (DBO) – Management's estimate of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

- There are no leases which are yet to commence as on 31 March 2026.

33. Per transfer pricing legislation under sections 92-92F of the Income Tax Act, 1961, the Company is required to use certain specific methods in computing arm's length prices of international transactions with associated enterprises and maintain adequate documentation in this respect. Since law requires existence of such information and documentation to be contemporaneous in nature, the Company has appointed independent consultants for conducting a Transfer Pricing Study (the 'Study') to determine whether the transactions with associate enterprises undertaken during the financial year are on an "arms length basis". Management is of the opinion that the Company's international transactions are at arm's length and that the results of the on-going study will not have any impact on the financial statements and the independent consultants appointed have also preliminarily confirmed that they do not expect any transfer pricing adjustments.

36. Fair value disclosures
i) Fair values hierarchy

Financial assets and financial liabilities measured at fair value in the balance sheet are classified into three Levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

ii) Financial assets and liabilities measured at fair value - recurring fair value measurements

The Company does not have any financial instruments which are measured at Fair value either through statement of profit and loss or through other comprehensive income.

iii) Fair value of instruments measured at amortised cost

The management assessed that cash and cash equivalents, trade receivables, other receivables, trade payables and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

ii) Risk management

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

A) Credit risk

Credit risk is the risk that a counterparty fails to discharge an obligation to the Company. The Company is exposed to this risk for various financial instruments, for example by granting loans and receivables to customers, placing deposits, etc. The Company's maximum exposure to credit risk is limited to the carrying amount of following types of financial assets.

- cash and cash equivalents,
- trade receivables and
- deposits with banks.

a) Credit risk management

The Company assesses and manages credit risk based on internal credit rating system, continuously monitoring defaults of customers and other counterparties, identified either individually or by the Company, and incorporates this information into its credit risk controls. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit risks to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

- A: Low
- B: Medium
- C: High

Notes to the Financial Statements for the year ended 31 March 2026

(All amounts in ₹ Lakhs, unless otherwise stated)

Assets under credit risk –

Credit risk		As at 31 March 2026	As at 31 March 2025
A: Low	Cash and cash equivalents	9,810.30	10,401.03
	Other financial assets	73.66	39.19
	Trade receivables (gross of expected credit loss)	1,673.80	1,755.34
B: High	Trade receivables (significant increase in credit risk)	24.27	7.66

Cash & cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks across the country.

Trade receivables

The Company closely monitors the credit-worthiness of the debtors through internal systems that are configured to define credit limits of customers, thereby, limiting the credit risk to pre-calculated amounts. The trade receivables are considered of high quality and accordingly no life time expected credit losses are recognised on such receivables.

Other financial assets measured at amortised cost

Other financial assets measured at amortised cost includes security deposits and others. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

b) Expected credit losses

The Company provides for expected credit losses based on the following:

The Company recognizes expected credit losses on trade receivables using a simplified approach, wherein Company has defined percentage of provision by analysing historical trend of default and adjusted for forward-looking information. Allowance for expected credit loss has been created based on the past experience of the Company. Wherever required, past trend is adjusted to reflect the effects of the current conditions and forecasts of future conditions that did not affect the period on which the historical data is based, and to remove effects of the conditions in the historical period that are not relevant to the future contractual cash flows.

Reconciliation of loss allowance – lifetime expected credit losses

	Trade receivables
Loss allowance on 01 April 2024	6.93
Amounts written off/reversals	(0.79)
Impairment loss recognised during the year	1.52
Loss allowance on 31 March 2025	7.66
Amounts written off/reversals	16.61
Impairment loss recognised during the year	-
Loss allowance on 31 March 2026	24.27

B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements.

C) Market Risk

a) Foreign currency risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US Dollar, Euro, Japanese Yen and Chinese Yuan. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the functional currency of the Company. Considering the low volume of foreign currency transactions, the Company's exposure to foreign currency risk is limited and the Company hence does not use any derivative instruments to manage its exposure. Also, the Company does not use forward contracts and swaps for speculative purposes.

(i) Foreign currency risk exposure:

The Company exposure to foreign currency risk at the end of the reporting period that have not been hedged by a derivative instrument or otherwise are as follows :

* Holding all other variables constant

b) Interest rate risk
i) Liabilities

The Company does not have any borrowings and hence there is no interest rate risk.

ii) Assets

The Company's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

38. Capital management

The Company's capital management objectives are

- to ensure the Company's ability to continue as a going concern
- to provide an adequate return to shareholders

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet.

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

40. Revenue related disclosures

a. Revenue from Contracts with Customers

Indian Accounting Standard 115 Revenue from Contracts with Customers ("Ind AS 115"), establishes a framework for determining whether, how much and when revenue is recognised and requires disclosures about the nature, amount, timing and uncertainty of revenues and cash flows arising from customer contracts. Under Ind AS 115, revenue is recognised through a 5-step approach:

- (i) Identify the contract(s) with customer;
- (ii) Identify separate performance obligations in the contract;
- (iii) Determine the transaction price;
- (iv) Allocate the transaction price to the performance obligations; and
- (v) Recognise revenue when a performance obligation is satisfied.

b. Disaggregation of revenue

Revenue recognised mainly comprises of sale of products which majorly comprises of piston rings and other auto components. Set out below is the disaggregation of the Company's revenue from contracts with customers:

	Year Ended 31 March 2026	Year Ended 31 March 2025
Revenue from contracts with customers		
Sale of products		
Domestic	11,581.55	11,714.45
Export	0.04	0.95
Other operating income	22.04	13.05
Total revenue covered under Ind AS 115	11,603.63	11,728.45

c. Revenue of timing of recognition

	Year Ended 31 March 2026	Year Ended 31 March 2025
Revenue recognised at point in time	11,603.63	11,728.45
Revenue recognised over time	-	-
Total revenue from contracts with customers	11,603.63	11,728.45

d. Contract balances

The following table provides information about receivables, contract assets and contract liabilities from contract with customers:

	As at 31 March 2026	As at 31 March 2025
Contract liabilities		
Advances from consumers	18.67	6.33
Total contract liabilities	18.67	6.33
Receivables		
Trade receivables	1,698.07	1,763.00
Less : Allowances for expected credit loss	(24.27)	(7.66)
Net receivables	1,673.80	1,755.34

Notes to the Financial Statements for the year ended 31 March 2026
(All amounts in ₹ Lakhs, unless otherwise stated)

Contract asset is the right to consideration in exchange for goods or services transferred to the customer. Contract liability is the entity's obligation to transfer goods or services to a customer for which the entity has received consideration from the customer in advance. Contract assets (unbilled receivables) are transferred to receivables when the rights become unconditional and contract liabilities are recognised as and when the performance obligation is satisfied.

e Reconciliation of revenue recognised with contract price

	Year Ended 31 March 2026	Year Ended 31 March 2025
Revenue from contracts with customers		
Sale of products (Gross)	11,619.69	11,814.53
Less: Discounts	(38.10)	(99.13))
Total revenue covered under Ind AS 115	11,581.59	11,715.40

f Significant changes in the contract assets and the contract liabilities balances during the year are as follows:

	As at 31 March 2026	As at 31 March 2025
	Contract Liabilities	Contract Liabilities
	Advances from customers	Advances from customers
Opening balance	6.33	11.44
Addition during the year	440.10	495.66
Revenue recognised during the year/ amount refunded/ adjusted during the year	(427.76)	(500.77)
Closing balance	18.67	6.33

g Satisfaction of performance obligations

The Company's revenue is derived from the single performance obligation to transfer primarily its products under arrangements in which the transfer of control of the products and the fulfilment of the Company's performance obligation occur at the same time. Revenue from the sale of goods is recognized when the Company has transferred control of the goods to the buyer and the buyer obtains the benefits from the goods, the potential cash flows and the amount of revenue (the transaction price) can be measured reliably, and it is probable that the Company will collect the consideration to which it is entitled to in exchange for the goods.

Whether the customer has obtained control over the asset depends on when the goods are made available to the carrier or the buyer takes possession of the goods, depending on the delivery terms. Revenue is measured at the transaction price of the consideration received or receivable, the amount the Company expects to be entitled to.

h Payment terms

The sale of goods is typically made under credit payment terms differing from customer to customer and ranges between 30-90 days (excluding transit period).

i Variable considerations associated with such sales

Periodically, the Company announces various volume and other rebate programs, where once a certain volume or other conditions are met, it refunds the customer some portion of the amounts previously billed or paid. For such arrangements, the Company only recognizes revenue for the amounts it ultimately expects to realize from the customer. The Company estimates the variable consideration for these programs using the most likely amount method or the expected value method, whichever approach best predicts the amount of the consideration based on the terms of the contract and available information and updates its estimates each reporting period.

41. Employee benefit obligations

(a) Defined contribution plan

The Company has recognised the following amount in the Statement of Profit and Loss:

	Year Ended 31 March 2026	Year Ended 31 March 2025
Employer's contribution to:		
Provident fund	54.31	46.15

(b) Defined benefits plans (unfunded)

The Company provides for gratuity for employees in India as per Payment of gratuity Act, 1972. Employees who are in continuous service of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month completed proportionately for 15 days salary multiplied for number of completed years of service.

The gratuity scheme covers substantially all regular employees. Commitments are actuarially determined at year-end. The actuarial valuation is done based on "Projected Unit Credit" method. Gains and losses of changed actuarial assumptions are changed to Statement of Profit and Loss.

The plan typically expose the Company to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.

Interest risk	A decrease in the bond interest rate will increase the plan liability.
Longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the salaries of the plan participants. As such, an increase in the salary of the plan increase the plan's liability.

Mortality rate	Indian Assured Lives Mortality (IALM) (2006-08) (modified) Ult.	Indian Assured Lives Mortality (IALM) (2006-08) (modified) Ult.

(v) Risk exposure
i) Changes in discount rate

A decrease in discount yield will increase plan liabilities.

ii) Mortality table

The gratuity plan obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in plan liabilities.

iii) Salary increase

Actual salary increase will increase the plan's liabilities. Increase in salary rate assumption in future valuation will also increase the valuation.
